RE: Initial Application for Approval of Accredited Proprietary Institutions

Dear Ms. Stewart:

On June 1, 2016, the California State Approving Agency for Veterans Education (CSAAVE), a division of the California Department of Veterans Affairs, received an initial Application for Approval of Accredited Programs for the training of Veterans at Ashford University (Ashford), 8620 Spectrum Center Boulevard, San Diego, CA 92123. In response to Ashford’s application, CSAAVE immediately notified Ashford that the application was incomplete and required submission of additional documentation. On June 2 and June 6, 2016, Ashford provided the required documents to complete the application. On June 8, 2016, CSAAVE deemed the application complete and began a comprehensive review. Based on CSAAVE’s review, it has been determined that Ashford’s application fails to be sufficient for a grant of CSAAVE approval, at this time.

CSAAVE has authority and responsibility to approve an application when the school and its accredited courses are found upon investigation to have met all of the criteria found in 38 CFR §21.4253(d) and other applicable regulations. Institutions desiring to enroll veterans and other eligible persons in accredited courses may be deemed qualified, upon submission of a written application for approval of such courses. Applications must demonstrate an institution’s full compliance with the requirements and standards defined in 38 CFR §21.4253 and other applicable regulations. An institution’s application must also include detailed information and supporting documentation, clearly evidencing that approval requirements and standards are met and no deficiencies exist.

CSAAVE conducted a comprehensive review of Ashford’s application submission and determined that there is insufficient evidence to support Ashford’s full compliance with applicable approval standards. In an effort to assist the school address deficiencies in the application, the following is a summation of issues, information, and documentation that are necessary and required, before Ashford’s application can be considered for CSAAVE approval. Ashford must provide a response to each identified question, as referenced in the application sections below.
Section 1- Institution Information:

7. Type of Ownership:

Ashford University identified itself as a Corporation. Information obtained from the California Secretary of State identifies Ashford’s ownership status as Ashford University, LLC. Information found in the August 8-10, 2015, Report of the WSCUC Special Team Visit, page 3, Section I-Overview and Context, identifies that Ashford University was acquired by Bridgepoint Education, Inc. and became a for-profit limited liability company in 2005.

Please clarify the ownership status of Ashford University, San Diego and submit verifiable documentation, as filed with the Secretary of State and/or the Western Association of Schools and Colleges (WASC).

Section 2- Documentation required for all institutions:

2. Catalog:

CSAAVE is unable to determine the operational status of Ashford University, including its administrative structure, faculty resources, programs, policies, and available services administered at the proposed San Diego campus. Information contained in Ashford’s 2016-2017 catalog fails to clearly define how the San Diego campus operates as a main campus, as prescribed by 38 CFR §21.4266(a)(3). While the catalog identifies policies, services, programs, administrators, and available resources, there fails to be delineation between the proposed San Diego campus and Ashford’s out-of-state campus. Ashford’s catalog makes reference to the proposed San Diego campus as “Administrative,” but fails to include information evidencing that the proposed campus meets the definition of a school, educational institution, or institution, pursuant to 38 CFR §21.4200.

The proposed San Diego campus must possess adequate space, equipment, instructional material, and instructor personnel to provide training of good quality, pursuant to state and federal law. Additionally, the institution must demonstrate that it employs adequate directors, administrators, and instructors with educational and experience qualifications at the proposed institution and for which approval is sought.

Please submit to CSAAVE all of the following:

I. A revised catalog specific to the proposed San Diego campus which includes each policy referenced in 38 CFR §21.4253(d). Submit three copies of the catalog.

II. An organizational chart that specifically identifies and delineates the reporting structure of the campus director, administrators, and faculty members employed at the proposed San Diego campus.

III. Copies of the duty statements or job descriptions for the campus director, each administrator, and faculty member, which includes sufficient detail to clearly identify their roles and responsibilities at the proposed San Diego campus.

IV. A detailed description of available equipment, space, resources, and instructional materials utilized at the proposed San Diego campus to administer resident and online instruction.
3. Approval Criteria Form:

Submit a new Approval Criteria Form based on the updated catalog.

4. Signed True and Correct Form:

Submit a new True and Correct Form with each updated catalog.

8. VA Forms:

The institution must designate a school certifying official at the proposed San Diego campus, pursuant to 38 CFR §21.4266(c)(2). Submit a new Form 22-9794 identifying the on-site school certifying official(s).

9. Certificate of Status:

If Ashford modifies its ownership status with the California Secretary of State, as referenced in Section 1.7 above, please submit a new Certificate of Status.

Section 3- Institute of Higher Learning (IHL) programs:

The application included website printouts of WASC’s Statement of Accreditation Status dated May 26, 2016 and letters issued by WASC, all of which reference approval of distance education and onsite courses. The application requires submission of documentation, issued by the accrediting body.

Please submit a current list of approved programs as issued by WASC.

Section 4- Non-college degree (NCD) programs:

Ashford’s application does not include a request for approval of NCD programs. No additional information is required for this application section.

Section 5- Documentation required for ALL institutions operating under the authority of the Bureau for Private Postsecondary Education (BPPE):

The application included a copy of a Bureau for Private and Postsecondary Education (BPPE) Approved Program List, printed April 28, 2014, and letters issued by the BPPE, demonstrating Ashford’s approval for distance education and onsite courses. The application requires submission of documentation, as issued by the BPPE.

Please submit a current Approved Program List, as issued by the BPPE.

Section 6- Advertising and other public statements, pursuant to 38 CFR §21.4252(h):

Please submit any copies of any new or subsequent advertising or other statements disseminated to the public in any manner by the institution or its representatives that concern, describe, or represent the institution and each educational program offered by the institution, since filing the initial application. If advertising is broadcasted by television or radio, include a copy of the script.
Section 7- Program identification:

CSAAVE is unable to determine the course modality or proposed course offerings planned for the San Diego campus. Information in the catalog and included in the application submission identify several programs approved by the BPPE and WASC for in state and out of state instruction. It is not clear if the proposed San Diego campus course modality will include online, resident, or a hybrid of instruction. CSAAVE will not grant approval of any practical training, externship, or internship courses under the provisions of 38 CFR §21.4265 offered outside California.

Please submit a list of programs for the proposed San Diego campus. Each proposed program must be identified in the new Ashford University San Diego catalog referenced in Section 2.2 above.

This concludes CSAAVE’s quantitative review of Ashford University’s application submission. Should Ashford desire to continue with the application for approval of its proposed San Diego campus, Ashford must implement all of the application changes, modifications, and corrections identified in this communication and demonstrate that it fully meets the standards for approval. Once Ashford provides verifiable documentation and information, CSAAVE can begin a qualitative review for approval determination.

Ashford must submit all required materials and documents in one single mailing to CSAAVE by June 30, 2016, for further consideration.

Documents must be submitted to CSAAVE at:

California Department of Veterans Affairs
California State Approving Agency for Veterans Education
1227 O Street, Suite 625
Sacramento, CA 95814

CSAAVE is committed to working with Ashford University representatives, in its effort to serve veterans and other Title 38 beneficiaries. If you have any questions or need further clarification, please feel free to contact me at (619)-372-9121.

INITIAL APPLICATION FOR APPROVAL OF ACCREDITED PROPRIETARY INSTITUTIONS

Title 38, U. S. Code 3671 (a) and 3672(a)

The California State Approving Agency for Veterans Education (CSAAVE), a division of the California Department of Veterans Affairs (Cal Vet) is responsible for the approval of courses/programs pursuant to requirements defined in the US Code of Federal Regulations (CFR), Title 38. Accredited courses are those recognized by a nationally recognized accrediting agency or association. The State approving agencies may use the accreditation of these accrediting agencies or associations for approval of the course specifically accredited and approved by the agency or association. Accreditation does not guarantee approval. CSAAVE will not issue a grant of approval under 38 CFR 21.4253, when the evidence of record demonstrates that an institution and/or its courses fail to fully comply with accrediting agency standards.

INSTRUCTIONS

The submission of an application is strictly voluntary. By submitting an application, the institution agrees to comply with all applicable federal and state statutory requirements for Title 38 approval. Failure to properly administer the program may result in an adverse administration action.

The application must be signed and include attachments, where applicable. Each section of the application must be completed with accurate and current information. A complete application for approval must include one (1) original and two (2) copies of all forms, addendums, attachments, and/or Catalog or VIB and be mailed to:

California State Approving Agency for Veterans Education (CSAAVE)
1227 O Street, Suite 625
Sacramento, CA 95814

Applications that fail to include all required documentation are deemed incomplete and will delay the review process and may be returned or denied approval.

Questions regarding the application, forms, or the approval process should be directed to CSAAVE at CSAAVEinfo@calvet.ca.gov. Please include your facility code in the subject line of email correspondence. You may also contact CSAAVE by calling (916) 503-8317.

*Programmatic or institutional
The institution must submit copies of official documentation, as issued by the accrediting agency. Documentation must identify the status of the institution and its programs with the accrediting agency for the current or most recent calendar year.

12. The institution must disclose any and all material facts regarding regulatory actions pertaining to the current status of the institution, its owners and/or ownership structure, policies, branch locations and educational programs, certificates, diplomas and degrees. A material fact is one that without inclusion would reasonably result in a different determination. Additionally, the institution must submit copies of official documentation, as issued by the agency represented. Documentation must be relevant to the current or most recent calendar year and identify or include the following, where applicable:

- Name, address and telephone number of the issuing agency or body
- Name of the licensee, registrant or owner/operator
- Address of record for the institution, including branch and satellite locations
- License or approval status
- License, certification, registration or approval number
- Effective date and renewal and/or expiration date
- List certificate, diploma and degree programs

The institution must disclose any and all information that could impact the ability to fulfill its commitments to provide education, ensure proper operation, and maintain sufficient financial resources for long-term fiscal soundness, as it pertains to the requirements and standards of the institution's accrediting agency.

The institution must submit written notification to the CSAAVE within 30 days of any change in status. Notification must include a copy of the notice served upon the institution, the findings and recommendations, the response submitted by the institution and the final decision or action by the entity. A copy of all supporting documentation and attachments must be included with the submission. Failure to submit timely notification may result in an adverse administrative action.

Section 3- Institute of Higher Learning (IHL) programs*:

This Section is not applicable to deemed approved programs as defined in Public Law 111-377.

Pursuant to 38 CFR 21.4270(b), an educational objective is one that leads to the awarding of a diploma, degree or certificate which reflects educational attainment.

For IHL programs, submit all of the following, where applicable:

1. Submit a copy of the program approval notification issued by the accrediting agency
2. Submit the most recent completion/placement rates filed with your accrediting agency.
3. Provide the standards for completion/placement rates as published by your accrediting agency.

Institutions not required to maintain completion/placement rates by their accrediting agency must provide documentation published by the accrediting agency substantiating this fact.

Section 4- Non-college degree (NCD) programs*:

Institution must demonstrate two years of operation as a condition for approval for veterans training for all proposed NCD certificate programs.
Include copies of current advertising and other statements disseminated to the public in any manner by the institution or its representatives that concern, describe, or represent the institution and each educational program offered by the institution. If advertising is broadcasted by television or radio, include a copy of the script.

Section 7- Visits by Agency Representatives and Availability of Records:

After your application is deemed complete, but before CSAAVE issues approval and the U.S. Department of Veterans Affairs (DVA) accepts the approval, a CSAAVE Education Specialist will conduct an inspection visit to the institution to evaluate your facility and ensure that students eligible to receive veteran education benefits will be served as required by the VA.

Following issuance of approval, and once veterans enroll in your programs, representatives from the DVA and CSAAVE will visit your school facility to conduct Compliance Surveys during normal working hours. Pursuant to 38 CFR 21.4209, school administrators must make available all records to DVA and CSAAVE staff pertaining to the school and its operation.

Compliance Surveys are conducted by the CSAAVE and the VA in order to ensure proper administration of the GI Bill by the school or training establishment. Compliance Surveys are designed to prevent and/or correct deficiencies or violations by:

- Verifying the accuracy of educational benefit payments to eligible individuals
- Ensuring school officials understand the VA requirements and their responsibilities
- Assuring proper action is promptly taken to correct discrepancies, which may include discontinuance of benefits

Section 8- Program identification (Complete Tables 1-3):

Institutions must report programs in the appropriate tables located below.

If there are no programs to report on a table, please indicate "N/A".

**EXPLANATORY NOTE TO TABLE 1 OF SECTION 8 (PROGRAM IDENTIFICATION) OF ASHFORD UNIVERSITY’S INITIAL APPLICATION**

Ashford University has ceased new enrollments in the following programs and, as a result, does not reference them in its current catalog (and has noted these programs in the table as N/A):

1. Associate of Arts in Business
2. Associate of Arts in Organizational Management
3. Bachelor of Arts in Adult Development
4. Bachelor of Arts in Education and Public Policy
5. Bachelor of Arts in Health Care Studies
6. Bachelor of Arts in Health Informatics
7. Bachelor of Arts in Health Marketing and Communication
8. Bachelor of Arts in Sustainable Enterprise Management

Ashford University seeks CSAAVE approval for the foregoing degree programs to permit withdrawn students the opportunity to return to Ashford University to complete their educational programs. The institution will not certify new students for these programs, only returning students.

Published versions of these programs are available in prior academic year catalogs.

POLICIES

8. Enrollment/admissions policy, including specific entrance requirements for each course

9. Policy for evaluation of credit for previous education and training. The policy should specify that the institution will maintain a written record of the previous education and training of veterans and eligible persons, that the record will clearly indicate that credit has been granted, if appropriate, with the training period shortened proportionately and the student notified accordingly, per 21.4253 (d)(3)

Attendance Policy:

10. Leave of absence
11. Tardiness
12. Interruption for unsatisfactory attendance/unexcused absences
13. Class cuts
14. Make-up work

Satisfactory Progress Policy:

15. School's grading system for each class
16. Grade average required to remain in school/recommended grade point average (GPA) to graduate
17. Conditions for interruption for unsatisfactory progress/dismissal policy and description of a probationary period, if any. (Note: The progress policy must be specific enough to determine the point in time when VA educational benefits will be discontinued when the veteran or eligible person ceases to make satisfactory progress. It should specify that no more than two terms, quarters or semesters on probation will be permitted.)
Conditions for reentrance after dismissal for unsatisfactory progress/re-enrollment policy

Student conduct policy

**Tuition Refund Policy:**
Pro-rata refund policy (consistent with Bureau and accrediting association guidelines)

**EDUCATIONAL/VOCATIONAL OBJECTIVES**

Educational objectives (degree programs)

Vocational objectives (certificate programs)

Note: For each certificate submitted for approval, the catalog should include the occupational objective, a course outline detailing subjects or units in the course and/or skills to be learned, and total course length.

*Practical training/externships/internships* (requires signed certification form)

*Television courses

*Teacher certification programs

*Refresher and remedial courses

*Studying abroad courses

*Independent study/directed studies including on-line, self-paced courses

*Combination programs/dual majors

PENALTY - The law provides that whoever makes any statement of a material fact knowing it to be false shall be punished by fine or imprisonment or both.

Privacy Act Notice: The VA will not disclose information collected on this form to any source other than what has been authorized under the Privacy Act of 1974 or Title 5, Code of Federal Regulations 1.526 for routine uses as identified in the VA system of records, 58VA21/22, Compensation, Pension, Education and Rehabilitation Records - VA, and published in the Federal Register. An example of a routine use is allowing VA to send educational forms or letters with a veteran's identifying information to the veteran's school or training establishment to (1) assist the veteran in the completion of claims forms or (2) for VA to obtain further information as may be necessary from the school for VA to properly process the veteran's education claim or to monitor his or her progress during training. Your obligation to respond is required to obtain or retain benefits. VA cannot recognize you as the proper certifying official unless the information is furnished as required by existing law (38 U.S.C. 3680(g)). The responses you submit are considered confidential (38 U.S.C. 5701). Information submitted by applicants, recipients, and others is subject to verification through computer matching programs with other agencies.

Important Notice About Information Collection: We need this information to identify you as the certifying official for your school or job training establishment when reporting pursuit of training for veterans and other eligible persons (38 U.S.C. 3684). Title 38, United States Code, allows us to ask for this information. We estimate that you will need an average of 10 minutes to review the instructions, find the information, and complete this form. VA cannot conduct or sponsor a collection of information unless a valid OMB control number is displayed. You are not required to respond to a collection of information if this number is not displayed. Valid OMB control numbers can be located on the OMB Internet Page at www.whitehouse.gov/office/omb/OMBInvc.html#VA. If desired, you can call 1-888-G1-BILL-1 (1-888-442-4551) to get information on where to send comments or suggestions about this form.

NP-25 (REV 01/2015)
CERTIFICATION FOR APPROVAL OF COURSES AND DEGREE PROGRAMS
AT A BRANCH OR EXTENSION WITHOUT ADMINISTRATIVE CAPABILITY
CFR 21.4266(c)(2)

A branch is considered to be without administrative capability if the parent facility is within the same state and:

a. maintains a centralized recordkeeping system;
b. identifies the records of students at each branch; and
c. specifies the branch location when certifying enrollments.

This is to certify that ________________________________________________

Located at ________________________________________________

Is a **BRANCH WITHOUT ADMINISTRATIVE CAPABILITY** of ________________, located at _________________________________.

____________________________________

The following conditions shall exist:
1. The parent facility maintains all records and accounts required by 38CFR §21.4209;
2. The parent facility designates a named certifying official;
3. The parent facility is able to furnish to the Department of Veterans Affairs, without resort to another facility, all reports and certifications required by 38CFR §§21.4203 and 21.4204.
4. The parent facility maintains a local mailing address.
5. The parent facility maintains a centralized recordkeeping system;
6. The parent facility can identify the records of students at each branch.
7. The parent facility specifies the branch location when certifying enrollments.

Both the **branch** location and the **parent** institution are accredited by ____________________________, a nationally recognized accrediting agency.

Administrative capability is the ability of an institution or branch to maintain all records and accounts required by 38 CFR 21.4209. If an institution maintains records, including financial aid, admissions, or academic files on site, the location does not qualify as a branch without administrative capabilities. A branch campus without administrative capability has limited onsite staffing. Staff located at the branch campus do not have designated authority to change, modify or update student records. Institutions that do not fully meet this criteria are required to maintain a separate approval.

A branch of a private school that offers courses that do not lead to a standard (i.e., accredited) college degree must meet the Two Year Rule, CFR 21.4251. To satisfy the Two-year Rule, a program must be taught continuously for twenty-four calendar months including reasonable vacations and holidays.

All courses offered at the branch or extension without administrative capability must meet the "two-year" rule in accordance with CFR 21.4251. The aforementioned branch or extension has been in continuous operation since:

Dear Dr. Swenson,

Your application for approval for the training of veterans and other eligibly persons at Ashford University was initially received by the California State Approving Agency for Veterans Education (CSAAVE), a division of the California Department of Veteran Affairs on June 1, 2016. Subsequently, CSAAVE received the attached notification from your institution on June 30, 2016, requesting a withdrawal of the application submitted for approval.

Your application and all supporting documentation are enclosed. If you require additional information, please contact Shane Ferreebee at shane.ferreebee@calvet.ca.gov (619)-372-9121.

Sincerely,

Shane R Ferreebee

Subject: Withdrawal of Pending Ashford University Application

Shane and Latanaya:

Ashford University and CSAAVE share a common interest in serving our nations' veterans. As you know, we at Ashford University care deeply about our veteran students and have worked tirelessly to protect their education benefits and to ensure that those benefits are not disrupted.

Beginning with our May 25th letter, which provided CSAAVE with official notice of our intent to submit an application for approval, we have worked diligently to respond to all deadlines and requests for information.

Although we were informed on June 8th that our application was deemed complete, we have subsequently been asked to provide substantial supplemental information. Thus, respectfully, based on CSAAVE’s own requests, we view our application as not “complete” at this time. As I noted in my previous emails, we continue to have questions regarding CSAAVE’s stated requirement that "all activities must be inside California's border," given that, at the present time, we are a primarily online institution that serves students all across the country, while also maintaining a residential teaching presence in Clinton, Iowa, until at least June 2017.

We appreciate that, in your email correspondence and June 17th letter, you offered to make yourself available to answer questions we may have. As you are aware, in each of our responses we have asked for time to meet with you either in person or by phone to get clarification and guidance. We did so to ensure that we could fully address CSAAVE’s questions and thus demonstrate Ashford University’s compliance with all applicable Title 38 regulations. Unfortunately, our requests for a meeting went unanswered, and I was only able to begin to address CSAAVE’s questions and to explain Ashford University’s structure and programs by traveling to Sacramento on June 28th. While the resulting meeting with Latanaya was helpful and much appreciated, given the late date and remaining open questions regarding what will be necessary to obtain CSAAVE approval (about which Latanaya was required to refer to Shane), our discussion was not sufficient to permit us to submit an application that we believe would be truly “complete” by today, tomorrow or even early next week. Given that fact (and the holiday weekend), even if we received responses to our remaining questions today, we do not reasonably see how CSAAVE could thoroughly review all of the relevant materials and conduct a site visit (which Latanaya said would be necessary) in time to issue a fully considered decision by July 8th.

Per our discussions beginning on June 6th, CSAAVE has made it clear that, while it would attempt to provide an approval decision on or before June 30th, CSAAVE’s process typically takes between 60 to 90 days. Because IDOE granted our request to stay its withdrawal decision for 90 days, and given our need for further guidance and clarification, we respectfully requested an extension until August 5, 2016. CSAAVE recently indicated, however, that if the application remained pending, CSAAVE would have a contractual obligation to provide a decision on that application not later than July 8th.

Because CSAAVE has indicated that it must issue a decision by July 8th, and because CSAAVE has not yet responded to Ashford’s inquiries, including its inquiry regarding the source of the requirement that essentially all staff members must be within California (which cannot be accomplished in a matter of days), we have no choice but to withdraw Ashford University’s application, with the intent to resubmit on approximately August 5, 2016.
In the meantime, we are continuing to work diligently to provide the information requested in CSAAVE’s June 17th letter in connection with our resubmission. To that end, Latanaya, I wanted to confirm my understanding of a few key points from our discussion on June 28th:

- Once an application is deemed complete, CSAAVE must consider it (and conduct a site visit) within 30 days. While full processing of an application can take 90 days, that timeframe is largely due to the need to confer with the federal VA.

- CSAAVE’s review of an application does not provide the reviewer with substantive discretion in approving or rejecting an application. The review is conducted only to determine whether the application demonstrates compliance with BPPE standards, WASC standards, and the express requirements of the federal VA’s regulations.

- CSAAVE understands that current regulations are not written to address institutions that only provide distance education programs; therefore, when it comes to demonstrating adequate space and equipment, among other items, the critical factor is whether the institution satisfies BPPE and WASC requirements. For these same reasons, CSAAVE understands that an institution that does not have a residential campus may commonly have faculty and staff located outside of California and that such personnel satisfy CSAAVE requirements, if they meet BPPE and WASC requirements.

- In the ordinary course, applications may be initially denied due to technical deficiencies or the need to provide supplemental information, and such initial denials are common. Institutions that receive such an initial denial may immediately resubmit an updated application and continue the process to obtain CSAAVE approval.

Please let me know if anything about my summary is inaccurate or if you have any further thoughts regarding our conversation or Ashford University’s application.

Thank you again for your assistance. We look forward to continuing our discussions with you, and we look forward to resubmitting Ashford University’s application on approximately August 5, 2016, once those discussions are complete.

Regards,
Vickie

Re: Ashford University -- Veterans Administration Facility Code 21000415

Dear Ms. Johnson:

I thank you for your letter dated June 1, 2016, requesting additional documents from Ashford University. In response to your request, I have enclosed an original and two copies of the following:

1. Verification of Non-Contracted Courses Form (signed);
2. Current Certificate of Status of the California Secretary of State dated May 26, 2016; and
3. Ashford’s web link for the most recent School Performance Fact Sheets filed with BPPE.

For your convenience, although Ashford University will overnight these materials to you today, I have also attached convenience copies for you via email. The attached electronic version of the sheet of web links to our BPPE School Performance Fact Sheets will be especially useful to you as each hyperlink should bring you directly to the Fact Sheet relevant to the specific program. I note that we provided the Certificate of Status and BPPE weblinks with our application, but we understand that you only received the filing yesterday.

With reference to the Ashford University catalog, please note that the institution issues a single catalog for the Main Campus in San Diego, California and the Branch Campus in Clinton, Iowa. Accordingly, the three catalogs (and supplemental catalog materials) that we provided with our application encompass both campuses.

Finally, I have enclosed an original and two copies of a new VA Designation of Certifying Officials form. Please substitute this form for the form submitted with our original application yesterday.
Letter to Ms. Johnson

VERIFICATION OF NON-CONTRACTED COURSES

School Name: Ashford University
School Address: 8620 Spectrum Center Boulevard San Diego, CA 92123
Facility Code: 21000415
Catalog Year: 2015 - 2016

Courses Offered Under Contract:

38 U.S. Code of Federal Regulations 21.4252(m) states that VA may not approve the enrollment of a veteran, service member, reservist, or eligible person in a course as a part of a program of education offered by any educational institution if that institution or entity providing the course under contract has not obtained a separate approval for the course in the same manner as for any other course as required by VA Regulations.

We have read and understand the above referenced regulation. We certify that the school facility has complete administrative and curriculum oversight of all programs submitted for approval and that no contracted institution, entity or employee, which has not obtained approval to offer Title 38 benefits, has any part in the administrative or curriculum oversight of any program (to include deemed-approved degrees) submitted for approval.

PRIVACY ACT NOTICE: VA will not disclose information collected on this form to any source other than what has been authorized under the Privacy Act of 1974 or Title 5, Code of Federal Regulations 1.578 for routine uses as identified in the VA system of records, SVA2/22/28, Compensation, Pension, Education, Vocational Rehabilitation and Employment Records - VA, and published in the Federal Register. An example of a routine use (e.g., VA sends educational forms or letters with a veteran's identifying information to the veteran's school or training establishment to (1) assist the veteran in the completion of claim forms or (2) for VA to obtain further information as may be necessary from the school for VA to properly process the veteran's education claim or to monitor his or her progress during training).

Your obligation to respond is required to obtain or retain education benefits, VA cannot recognize you as the proper certifying official unless the information is furnished as required by existing law (38 U.S.C. 3680(g)). The responses you submit are considered confidential (38 U.S.C. 3704). Any information provided by applicants, recipients, and others is subject to verification through computer matching programs with other agencies.

RESPONDENT BURDEN: We need this information to identify you as the certifying official for your school or job training establishment when reporting pursuit of training for veterans and other eligible persons (38 U.S.C. 3680). Title 38, United States Code, allows us to ask for this information. We estimate that you will need an average of 10 minutes to review the instructions, enter the information, and complete this form. VA cannot conduct or sponsor a collection of information unless a valid OMB control number is displayed. You are not required to respond to a collection of information if this number is not displayed. Valid OMB control numbers can be located on the OMB Internet Page at www.reginfo.gov/public/do/PRAMain. Re:  Ashford University Initial Application for Approval of Accredited Proprietary Institutions
Veterans Administration Facility Code 21000415

Dear Sir or Madam:

On behalf of Ashford University, this letter serves as the institution’s formal request for approval for accredited courses under 38 C.F.R. § 21.4253. To that end, I have enclosed the original and two copies of Ashford University’s initial application for approval to the California State Approving Agency for Veterans Education, together with the forms, addenda, attachments, and catalog materials required by the agency.

I appreciate your attention to this application. Should you have any questions or require any additional information, please contact Jim Smith, Vice President of Finance, at jim.smith@ashford.edu or Stephanie Stewart, Director, Financial Aid & Policy, at Stephanie.stewart@ashford.edu.

Sincerely,

Craig Swenson
President and Chief Executive Officer

### Categories of Course Type:

**Category - A**  
Registered Nurse’s Fieldwork or Hospital phase of Courses § 21.4265(b)(2)  
For these category of courses, the institution certifies that:  
The hospital or fieldwork phase is an integral part of the course. The completion is a prerequisite to the successful completion of the course. Students remain enrolled in the school during the period. The training is under the direction and supervision of the school.

**Category - B**  
Vocational Nurse’s Fieldwork or Hospital phase of Courses § 21.4265(b)(3)  
For these category of courses, the institution certifies that:  
Courses offered by schools which lead to the objective of practical nurse, practical trained nurse, or licensed practical nurse will be assessed as institutional training including both the academic subjects and the clinical training if the clinical training is offered by an affiliated or cooperating hospital and the student is enrolled in and supervised by the school during the period of such clinical training. Also courses must be accredited by a nationally recognized accrediting agency or meet the requirements of the licensing body of the State in which the school is located.

**Category - C**  
Other medical and dental specialties § 21.4265(c)  
For these category of courses, the institution certifies that:  
The clinical training is an integral part of the course, a prerequisite to the successful completion of the course, under the direct supervision of the school, includes substantial technical or professional training and does not consist of training preliminarily directed to clerical, administrative, secretarial, or receptionist duties.

**Category - D**  
All other Practical Training, Externship, Internship courses. § 21.4265(f)  
For these category of courses, the institution certifies that they are:  
Accredited by a nationally recognized accrediting agency or is offered by a school that is accredited by one the regional accrediting associations; A part of the approved curriculum of the school; Directly supervised by the school; Measured in the same unit as other courses; Required for graduation; and have a planned program of activities described in the school’s official publication which is approved by the State Approving Agency and which is institutional in nature as distinguished from training on-the-job.

(The description shall include at least: A unit subject description; A provision for an assigned instructor; A statement that the planned program of activities is controlled by the school, not by the officials of the job establishment; A requirement that class attendance on at least a weekly basis be regularly scheduled to provide for interaction between instructor and student; A statement that appropriate assignments are required for completion of the course; A grading system similar to the system used for other resident subjects offered by the school; and, A schedule of time required for the training, which demonstrates that the student shall spend at least as much time in preparation and training as is normally required by the school for its other resident courses.)
Practical Training Course – Supporting Documentation

HIM 495 Professional Practice Experience II

This course is a combination of virtual activities and a supervised management experience in a healthcare setting. Students complete 40 hours in a professional work environment demonstrating mastery in their knowledge, application, analysis, and synthesis of key Health Informatics and Health Information Management concepts.

PREREQUISITES
This capstone must be taken as the final course in the program.

This three credit course does include an assigned instructor.

Multiple measures of assessment are used in the course, allowing students opportunities to demonstrate their learning in more than one way and giving consideration to individual learning styles. Appropriate assignments are required for completion of the course; the grading system is similar to the system used for other courses at Ashford University.

In addition to the minimum of 40 hours infield experience at an approved site, weekly students must complete weekly discussions, quizzes, coding practice exercises, a case study in week two, an assignment in week three, and a final project.

COURSE GRADING

Course components that will be assessed include:

DISCUSSIONS

Each week students will participate in online discussions with classmates, which are related to the week’s readings. These discussions replace the interactive dialogue that occurs in the traditional classroom setting. Each week, students’ initial discussion posts are due by 11:59 p.m. (in the time zone in which each student resides) on Day 3 (Thursday). Students will have until 11:59 p.m. on Day 7 (the following Monday) to make the required minimum number of response posts to classmates. Discussions represent 19% of the overall course grade.
QUizzes

Each week students will demonstrate and reinforce their understanding of key topic areas on the AHIMA certification examination, by taking quizzes. The quiz must be completed in one sitting, by Day 7 of the week in which it is due. The questions are multiple choice and true/false. Each quiz is worth three percent and the quiz may be taken twice. Quizzes represent 15% of the overall course grade.

ASSESSMENTS

Coding Practice Exercises are due in Weeks One through Five of this course. Each week’s exercise features 10 multiple-choice questions and three scenarios to code. Students will have unlimited time to complete the exercises. Chapter topics associated with the activities are listed in the recommended readings for these weeks. Coding Practice Exercises represent 15% of the overall course grade.

ASSIGNMENTS

There is a written assignment due in Week Three of this course. This assignment must reflect college-level writing and critical thinking. The Assignment represents 8% of the overall course grade.

CASE STUDY

There is a case study assignment due in Week Two of this course. These case studies will provide an opportunity for students to critically reflect on their own learning processes and their individual progress through the course. The assignment must be completed by Day 7 of the week in which it is due. The Case Study represents 8% of the overall course grade.

FINAL PROJECT

The final assignment for this course is the Professional Practice Experience Portfolio. During the infield professional practice experience and in the course, students will work on various projects that will become part of the professional practice portfolio. The student’s work will be compiled into a portfolio and submitted in Week Five as the final. The Professional Practice Experience Portfolio represents 35% of the overall course grade.
FINAL PROJECT

Professional Practice Experience Portfolio. Due by Day 7. Preparing the Professional Practice Experience Portfolio:

• Include a cover sheet with the following information:
  • Professional Practice Experience (PPE) Site, type of organization and date range of experience
  • Student’s name
  • Course name and number
  • Instructor’s name
  • Site Mentor name and telephone number
  • Date submitted
  • Include your signed attendance log.
  • Your daily journal of activities at the site.
  • Prepare a one page description of the PPE organization and the department(s).
  • Create a one-page organizational chart of the section, department or facility, including your name as a student.
  • Include a minimum of four projects/experiences while on the PPE.
  • During your PPE, complete at least two assigned projects, in addition to the departmental budget review and taking minutes at an organizational or departmental meeting.

    • Note: site selection for the infield experience will begin a minimum of five months prior to the course start date. Once a site is secured, Ashford University will work with the site to determine two projects for the student to complete.

• Examples:
  • Create a plan for implementation of system applications/new technology (e.g. ICD-10) for the Health Information Department.
  • Create new quality indicators for the file area or scanned records, and the methodology to implement them.
  • Perform a data collection for a state-mandated reporting requirement. This could mean collecting data by diagnosis or by lab result, summarizing per-state requirements, and submitting results appropriately.
• Utilize a database for searching and summarizing the results of a clinical review and present findings at a regional or state HIM meeting.
• Assist in the coordination of an external audit: identify and pull the records needed, coordinate the copying, and track each document through the process of submitting the audit, provide a spreadsheet of data elements to allow tracking as audit results are returned.
• Perform an audit of the productivity of a specified functional area; coding, record completion, and the like. Research benchmark standards for use in comparison. Summarize and make recommendations.
• In an EHR clinic setting, create a multidisciplinary documentation format that can also be used in paper form during downtime.

STATEMENT OF ASSURANCE OF COMPLIANCE WITH EQUAL OPPORTUNITY LAWS

Ashford University (hereinafter called the "Signatory")

HEREBY AGREES THAT

it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), and all Federal regulations adopted to carry out such laws. This assurance is directed to the end that no person in the United States shall, on the ground of race, color, national origin (Title VI), handicap (Section 504), sex (Title IX, in education programs and activities only), or age (Age Discrimination Act) be excluded from participation in, to be denied the benefits of, or be subjected to discrimination under any program or activity of the Signatory receiving Federal financial assistance or other benefits under statutes administered by VA (Department of Veterans Affairs), the ED (Department of Education), or any other Federal agency. This assurance applies whether assistance is given directly to the recipient or indirectly through benefits paid to a student, trainee, or other beneficiary because of enrollment or participation in a program of the Signatory.

The Signatory HEREBY GIVES ASSURANCE that it will promptly take measures to effect this agreement.

If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Signatory by VA or ED, this assurance shall obligate the Signatory, or in the case of transfer of such property, any transferee, for the period during which the real property or structure is used for the purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. In all cases, this assurance shall obligate the Signatory for the period during which the Federal financial assistance is extended to any of its programs by VA, ED or any other Federal agency.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining Federal financial assistance, including facilities furnished or payments made under sections 104 and 244(1) of Title 38, U.S.C. Also, sections 1713, 1720, 1720a, 1741-1743, 2408, 5902(a)(2), 8131-8137, 8151-8156 (formerly 613, 620, 620a, 641-643, 1008, 1008, 3402(a)(2), 5031-5037, 5051-5056 respectively) and 38 U.S.C. chapters 30, 31, 32, 35, 36, 82, and 10 U.S.C. chapter 106. Under the terms of an agreement between VA and ED, this assurance also includes Federal financial assistance given by ED through programs administered by that agency. Federal financial assistance is understood to include benefits paid directly to the Signatory and/or benefits paid to a beneficiary contingent upon the beneficiary's enrollment in a program or using services offered by the Signatory.

The Signatory agrees that Federal financial assistance or other benefits will be extended in reliance on the representations and agreements made in this assurance; that VA or ED will withhold financial assistance, facilities, or other benefits to assure compliance with the equal opportunity laws; and that the United States shall have the right to seek judicial enforcement of this assurance.

THIS ASSURANCE is binding on the Signatory, its successors, transferees, and assignees for the period during which assistance is provided. The Signatory assures that all contractors, subcontractors, subgrantees, or others with whom it arranges to provide services to that or its students or trainees in connection with the Signatory's programs or services are not discriminating against those students or trainees in violation of the above statutes.

The person who signature appears below is authorized to sign this assurance.

CONFLICTING INTERESTS CERTIFICATION FOR PROPRIETARY SCHOOLS

Privacy Act Notice: VA will not disclose information collected on this form to any source other than what has been authorized under the Privacy Act of 1974 or Title 38, Code of Federal Regulations 1.576 for routine uses as identified in the VA system of records, 58VA21/22, Compensation, Pension, Education and Rehabilitation Records - VA, and published in the Federal Register. An example of a routine use allows VA to send educational forms or letters with a veteran's identifying information to the veteran's school or training establishment to (1) assist the veteran in the completion of claims forms or (2) for VA to obtain further information as may be necessary from the school for VA to properly process the veteran's education claim or to monitor his or her progress during training. Your obligation to respond is required to obtain or retain benefits. We cannot pay education benefits to any person training at your school until we receive this information (38 U.S.C. 3686(b)). Your responses are confidential (38 U.S.C. 5701). Any information provided by applicants, recipients, and others may be subject to verification through computer matching programs with other agencies.

Respondent Burden: We need this information to approve courses at your school for VA purposes and pay education benefits to trainees at your facility. Title 38, United States Code, allows us to ask for this information. We estimate that you will need an average of 10 minutes to review the instructions, find the information, and complete this form. VA cannot conduct or sponsor a collection of information unless a valid OMB control number is displayed. You are not required to respond to a collection of information if this number is not displayed. Valid OMB control numbers can be located on the OMB Internet Page at www.whitehouse.gov/omb/library/OMBINVC.html#VA. PURPOSE: This form informs individuals that the law has restrictions concerning any potential conflict of interest. (See certifications (1) and (2) below).

(1) PROPRIETARY PROFIT SCHOOLS ONLY
Title 38 U.S.C. 3683 prohibits employees of the Department of Veterans Affairs (VA) and the State approving agency (SAA) from owning any interest in an educational institution operated for profit. In addition, the law prohibits these employees from receiving any wages, salary, dividends, profits, gifts, or services from private profit schools. These provisions may be waived if VA determines that no detriment will result to the government, or to veterans or eligible persons. Please list below those VA and SAA employees known by you who may have a potential conflict of interest under this provision. If there are none, please enter the word "none."

Include copies of current advertising and other statements disseminated to the public in any manner by the institution or its representatives that concern, describe, or represent the institution and each educational program offered by the institution. If advertising is broadcasted by television or radio, include a copy of the script.

Section 7- Visits by Agency Representatives and Availability of Records:

After your application is deemed complete, but before CSAAVE issues approval and the U.S. Department of Veterans Affairs (DVA) accepts the approval, a CSAAVE Education Specialist will conduct an inspection visit to the institution to evaluate your facility and ensure that students eligible to receive veteran education benefits will be served as required by the VA.

Following issuance of approval, and once veterans enroll in your programs, representatives from the DVA and CSAAVE will visit your school facility to conduct Compliance Surveys during normal working hours. Pursuant to 38 CFR 21.4209, school administrators must make available all records to DVA and CSAAVE staff pertaining to the school and its operation.

Compliance Surveys are conducted by the CSAAVE and the VA in order to ensure proper administration of the GI Bill by the school or training establishment. Compliance Surveys are designed to prevent and/or correct deficiencies or violations by:

- Verifying the accuracy of educational benefit payments to eligible individuals
- Ensuring school officials understand the VA requirements and their responsibilities
- Assuring proper action is promptly taken to correct discrepancies, which may include discontinuance of benefits

Section 8- Program identification (Complete Tables 1-3):

Institutions must report programs in the appropriate tables located below.

If there are no programs to report on a table, please indicate “N/A”.

RESPONSE TO SECTION 12 OF
ASHFORD UNIVERSITY’S ORIGINAL APPLICATION

CSAAVE’s application requires the following information at section 12:

1. The institution must disclose any and all material facts regarding regulatory actions pertaining to the current status of the institution, its owners and/or ownership structure, policies, branch locations and educational programs, certificates, diplomas and degrees. A material fact is one that without inclusion would reasonably result in a different determination.

On May 20, 2016, the Company received a letter from the Iowa Department of Education indicating that, as a result of the planned closure of Ashford University’s campus in Clinton, Iowa, the Iowa State Approving Agency (the “ISAA”) will no longer continue to approve Ashford’s programs for GI Bill benefits after June 30, 2016, and recommending Ashford seek approval through the State Approving Agency of jurisdiction for any location that meets the definition of a “main campus” or “branch campus”. Ashford University is applying for approval through the State Approving Agency in California with the intention of obtaining approval by June 30, 2016 and also working with representatives from the U.S. Department of Veterans Affairs, the ISAA and the California State Approving Agency in order to prevent any disruption of educational benefits to our veteran students. We currently have approximately 6,250 students receiving GI Bill benefits. Those students whose period of enrollment begins on or before June 30, 2016 will continue to receive GI Bill benefits until the completion of the student’s term.

Ashford University includes with its application a copy of the above-referenced letter.

2. The institution must disclose any and all information that could impact the ability to fulfill its commitments to provide education, ensure proper operation, and maintain sufficient financial resources for long-term fiscal soundness, as it pertains to the requirements and standards of the institution’s accrediting agency.

The current status and pertinent facts regarding the institution are set forth in Bridgpoint’s publicly filed documents with the Securities Exchange Commission. For ease of reference, they are also set forth below and include the ISAA matter referenced above:

U.S. Department of Education

FSA Program Review. On July 31, 2014, the Company and Ashford University received notification from the Department that it intended to conduct a program review of Ashford University’s administration of federal student financial aid programs (“Title IV programs”) in which the university participates. The review commenced on August 25, 2014, and covers federal financial aid years 2012-2013 and 2013-2014, as well as compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”), the Drug-Free Schools and Communities Act and related regulations. Ashford University was provided with the Department’s program review report and has responded to such initial report. Following consideration of the university’s response, the Department will issue a Final Program Review Determination letter.

Request for Information. On December 10, 2015, Ashford University received a request for information from the Multi-Regional and Foreign School Participation Division of the FSA for (i) advertising and
marketing materials provided to prospective students regarding the transferability of certain credit, (ii) documents produced in response to the Consumer Financial Protection Bureau’s (the “CFPB”) August 10, 2015 Civil Investigative Demand related to the CFPB’s investigation to determine whether for-profit post-secondary education companies or other unnamed persons have engaged in or are engaging in unlawful acts or practices related to the advertising, marketing or origination of private student loans, (iii) certain documents produced in response to subpoenas and interrogatories issued by the California Attorney General and (iv) records created between 2009 and 2012 related to the disbursement of certain Title IV funds. The FSA is investigating representations made by Ashford University to potential and enrolled students, and has asked the Company and Ashford University to assist in its assessment of Ashford University’s compliance with the prohibition on substantial misrepresentations. The Company and Ashford University intend to provide the FSA with their full cooperation with a view toward demonstrating the compliant nature of their practices.

Gainful Employment Inquiry. In 2015, Ashford University was notified by the Department that it did not believe the institution fully responded to the disclosures of data required by the Gainful Employment regulations, that this was an indication of a serious lack of administrative capability, and that as a result the Department would not make any decisions regarding the addition of any new programs or additional locations until the reporting requirements were met. The Department informed the Company that failure to fully comply in all Gainful Employment data reporting requirements could result in the referral of the errant institution to the Department’s Administrative Actions and Appeals Service Group for consideration of an administrative action against that institution, including a fine, the limitation, suspension or termination of institutional eligibility to participate in Title IV programs, or revocation of the institution’s program participation agreement (if provisional). The Company worked with the Department to address their concerns with respect to the reporting of the Company’s institutions under the Gainful Employment regulations. The Department has since approved two new programs for Ashford University, and the Company does not anticipate any actions against the institution related to this notification.

Compliance Audit by the Department’s Office of the Inspector General

In January 2011, Ashford University received a final audit report from the OIG regarding the compliance audit commenced in May 2008 and covering the period July 1, 2006 through June 30, 2007. The audit covered Ashford University’s administration of Title IV program funds, including compliance with regulations governing institutional and student eligibility, awards and disbursements of Title IV program funds, verification of awards and returns of unearned funds during that period, and its compensation of financial aid and recruiting personnel during the period May 10, 2005 through June 30, 2009. The final audit report contained audit findings, in each case for the period July 1, 2006 through June 30, 2007, which are applicable to award year 2006-2007. Each finding was accompanied by one or more recommendations to the FSA. Ashford University provided the FSA a detailed response to the OIG’s final audit report in February 2011. In June 2011, in connection with two of the six findings, the FSA requested that Ashford University conduct a file review of the return to Title IV fund calculations for all Title IV recipients who withdrew from distance education programs during the 2006-2007 award year. The institution cooperated with the request and supplied the information within the time frame required.

Iowa Attorney General Civil Investigation of Ashford University
In February 2011, Ashford University received from the Attorney General of the State of Iowa (the "Iowa Attorney General") a Civil Investigative Demand and Notice of Intent to Proceed (the "CID") relating to the Iowa Attorney General's investigation of whether certain of the university's business practices comply with Iowa consumer laws. Pursuant to the CID, the Iowa Attorney General requested documents and detailed information for the time period January 1, 2008 to present. On numerous occasions, representatives from the Company and Ashford University met with the Iowa Attorney General to discuss the status of the investigation and the Iowa Attorney General's allegations against the Company that had been communicated to the Company in June 2013. As a result of these meetings, on May 15, 2014, the Iowa Attorney General, the Company and Ashford University entered into an Assurance of Voluntary Compliance (the "AVC") in full resolution of the CID and the Iowa Attorney General's allegations. The AVC, in which the Company and Ashford University do not admit any liability, contains several components including injunctive relief, nonmonetary remedies and a payment to the Iowa Attorney General to be used for restitution to Iowa consumers, costs and fees. The AVC also provides for the appointment of a settlement administrator for a period of three years to review the Company's and Ashford University's compliance with the terms of the AVC.

**New York Attorney General Investigation of Bridgepoint Education, Inc.**

In May 2011, the Company received from the Attorney General of the State of New York (the "NY Attorney General") a subpoena relating to the NY Attorney General's investigation of whether the Company and its academic institutions have complied with certain New York state consumer protection, securities and finance laws. Pursuant to the subpoena, the NY Attorney General has requested from the Company and its academic institutions documents and detailed information for the time period March 17, 2005 to present. The Company is cooperating with the investigation and cannot predict the eventual scope, duration or outcome of the investigation at this time.

**North Carolina Attorney General Investigation of Ashford University**

In September 2011, Ashford University received from the Attorney General of the State of North Carolina (the "NC Attorney General") an Investigative Demand relating to the NC Attorney General's investigation of whether the university's business practices complied with North Carolina consumer protection laws. Pursuant to the Investigative Demand, the NC Attorney General has requested from Ashford University documents and detailed information for the time period January 1, 2008 to present. Ashford University is cooperating with the investigation and cannot predict the eventual scope, duration or outcome of the investigation at this time.

**California Attorney General Investigation of For-Profit Educational Institutions and Consumer Financial Protection Bureau Subpoena of Bridgepoint Education, Inc. and Ashford University**

**California AG.** In January 2013, the Company received from the Attorney General of the State of California (the "CA Attorney General") an Investigative Subpoena relating to the CA Attorney General's investigation of for-profit educational institutions. Pursuant to the Investigative Subpoena, the CA Attorney General requested documents and detailed information for the time period March 1, 2009 to present. On July 24, 2013, the CA Attorney General filed a petition to enforce certain categories of the Investigative Subpoena related to recorded calls and electronic marketing data. On September 25, 2013, the Company reached an agreement with the CA Attorney General to produce certain categories of the documents requested in the petition and stipulated to continue the hearing on the petition to enforce
from October 3, 2013 to January 9, 2014. On January 13, 2014 and June 19, 2014, the Company received additional Investigative Subpoenas from the CA Attorney General each requesting additional documents and information for the time period March 1, 2009 through the current date.

**Consumer Financial Protection Board.** On August 10, 2015, the Company and Ashford University received from the CFPB Civil Investigative Demands related to the CFPB’s investigation to determine whether for-profit post-secondary-education companies or other unnamed persons have engaged in or are engaging in unlawful acts or practices related to the advertising, marketing or origination of private student loans. The Company and Ashford University provided documents and other information to the CFPB and the CFPB attended several meetings with representatives from the Company and the CA Attorney General’s office to discuss the status of both investigations, additional information requests, and specific concerns related to possible unfair business practices in connection with the Company’s recruitment of students and debt collection practices. All of the parties met again in March and April of 2016 to discuss the status of the investigations and explore a potential joint resolution involving injunctive relief, other non-monetary remedies and a payment to the CA Attorney General and the CFPB.

**Massachusetts Attorney General Investigation of Bridgepoint Education, Inc. and Ashford University**

On July 21, 2014, the Company and Ashford University received from the Attorney General of the State of Massachusetts (the "MA Attorney General") a Civil Investigative Demand relating to the MA Attorney General’s investigation of for-profit educational institutions and whether the university’s business practices complied with Massachusetts consumer protection laws. Pursuant to the Civil Investigative Demand, the MA Attorney General has requested from the Company and Ashford University documents and information for the time period January 1, 2006 to present. The Company is cooperating with the investigation and cannot predict the eventual scope, duration or outcome of the investigation at this time.
Pursuant to 38 CFR 21.7020(b)(22), a vocational objective is one that leads to an occupation. *Institutions must maintain evidence that supports all advertised claims in order to demonstrate that the program leads to an occupation (38 CFR 21.4252(h)).*

The programs may not be career enhancement. The programs must be sufficient to meet the accrediting agency's completion and placement requirements and/or state licensure standards.

Approval will not be granted for NCD programs that fail to lead to an occupation. For NCD programs, submit all of the following, where applicable:

1. Submit the most recent completion and placement rates filed with your accrediting agency.
2. Provide the standards for completion and placement rates as published by your accrediting agency.
3. Provide the data used to compile completion and placement figures as required by the institutions accrediting agency.
4. For each NCD program, submit a copy of the needs assessment utilized to demonstrate the geographical occupational need for each program.

*Institutions not required by their accrediting agencies to submit completion and placement rates must demonstrate vocational attainment, pursuant to 38 CFR 21.7020(b)(22). Applications must include documentation demonstrating vocational attainment for NCD programs, to include data used to compile figures.*

**Section 5- Documentation required for ALL institutions operating under the authority of the Bureau for Private Postsecondary Education (BPPE):**

1. The current approval status including the current BPPE Approved Program list. If expired, please provide documentation demonstrating the school's current status.
2. Provide the weblink to the most recent *School Performance Fact Sheet filed with the BPPE (CEC 94928, CEC 74112).*
   
   Please refer to the attached list of weblinks for the most recent School Performance Fact Sheets filed with the BPPE (CEC 94928, CEC 74112).

3. Provide the weblink to the most recent *Annual Report filed with the BPPE (CEC 94934(a), CCR 74110(a)).*  
   
   [http://www.ashford.edu/about/consumer-information.htm](http://www.ashford.edu/about/consumer-information.htm)

*Documents must be current (as filed with the BPPE by September 1st of every calendar year).*

**Section 6- Advertising and other public statements, pursuant to 38 CFR 21.4252(h):**

The institution understands and agrees not to use advertising, sales, enrollment practices, or candidate handbooks of any type that are erroneous, deceptive, or misleading by actual statement, omission, or intimation, including, but not limited to the following:

1. Institutions are prohibited from using "GI Bill" in any manner that directly or indirectly implies a relationship, affiliation, or endorsement with the Department of Veterans Affairs. Further information is located at this link [http://www.benefits.va.gov/GIBILL/Trademark_Terms_of_Use](http://www.benefits.va.gov/GIBILL/Trademark_Terms_of_Use)

2. The institutions understands that we cannot use the phrases "VA Approved" or "Approved by VA" or words to that effect.

CONDITIONS OF APPROVAL

Submission of all information and documentation constitutes the institution’s application for CSAAVE approval under 38 CFR 21.4253. An Approval will not be processed, unless and until all of the required information and documentation is provided to the SAA. Applications that fail to include all required information and documents will be deemed incomplete and may be returned or denied approval. Please ensure that your application is complete before submitting it to CSAAVE. Complete applications are handled in the order in which they are received.

Applications must include all material facts pertaining to the institution, its policies, locations and educational programs, certificates, diplomas and degrees, as part of a request for approval. All documents submitted must be true and exact copies of the documents issued by the external agency or entity. Any document or statement that is found to be false, fictitious, fraudulent, misleading or misrepresent the institution, its programs and/or ownership for the purpose of obtaining a grant of CSAAVE Approval will result in the immediate Suspension, Withdrawal or Denial of approval.

The institutions must report any change to the information included in this application for approval. The approval expires when the Catalog or Veteran Information Bulletin (VIB) fails to remain in effect, in both content and policy, as certified true and correct by the school and approved by CSAAVE. Subsequent changes or revisions to the catalog or VIB must be submitted to CSAAVE for approval. Failure to properly advise CSAAVE of changes to the catalog or VIB, or failure to submit any new publications of the catalog or VIB for approval, even in academic years when there are no veterans or eligible persons enrolled, automatically voids the approval effective the date of change.

Nothing in this application prevents or limits the ability of CSAAVE to request additional information or documentation, conduct an on-site evaluation, contact external entities or review the records of veteran and non-veteran students to ascertain compliance with applicable standards and requirements. (38 USC 3690(c)) (38 CFR 21.4209) (Public Law 93-80)

I, Craig D. Swenson, President and CEO certify and declare under penalty of perjury under the laws of the State of California that I am an authorized representative of Ashford University and that all of the information and attachments contained herein and referenced in this application are true and correct.

**INTRODUCTION**

Bridgepoint Education, Inc. ("BPI") is committed to improving the way individuals learn through innovative education solutions and to harnessing creativity and cutting edge technology to unlock the true power of the education system, while reimagining what the student experience should be. Bridgepoint's organizational culture consists of innovators and educators who are inspired to refine education's future by making it more practical, dynamic, and significant to all.

As the parent company of Ashford University ("AU" or "University"), BPI supports the University's mission which continues to change the face of education by equipping students with tools to help them change their lives. As a result, BPI's Marketing department is dedicated to providing AU's third-party inquiry aggregators ("vendors") with the following resource on the policies and procedures pertaining to their advertising and inquiry generation activities, which are conducted on behalf of the University.

**ABOUT THIS GUIDE**

This Guide provides assistance to vendors in complying with AU policies, which are put in place to ensure compliance with higher education regulations promulgated by the United States Department of Education as well as other regulatory bodies. The concepts presented in this Guide are by no means an exhaustive list, and they do not alter or suspend the terms of the MSA or Insertion Order.

This Guide is provided to vendors in addition to, and should be read in conjunction with, the Content Brand Standards, which is the universal ad copy created by Marketing, on behalf of AU. This approved ad copy is to be used in vendor marketing and advertising activities. From time to time, this Guide will be updated and the vendor is responsible for ensuring its affiliates, if any, receive this document within 24 hours of any new publication, as instructed by Marketing.

The Online Vendor Compliance Guide and the Content Brand Standards are distributed via Bridgepoint Education's Marketing Compliance department. For the current version of these documents, please contact Marketing Compliance.

Overall, Vendors and their permitted affiliates who provide prospective student inquiries to AU must ensure their advertisements and promotional activities are conducted in compliance with this Guide.

**VENDOR CORE STANDARDS**

- Provide the highest level of accuracy regarding the advertising of the Ashford University brand and program offerings
- Assume responsibility for all remediation requests to advertising regarding Ashford University
- Respond immediately to all compliance-related remediation requests
- Ensure full compliance by all permitted affiliates
- Comply with all federal and state laws and regulations covering advertising, marketing, and the Internet
- Comply with the terms of the Master Services Agreement (MSA) and IOs
- Adhere to all compliance provisions addressed herein
There are myriad federal and state restrictions on marketing activities and vendors, and third-party aggregators are required to adhere to all laws pertaining to advertising, marketing, telemarketing, and the Internet as well as comply with the terms of the Master Services Agreements and Insertion Orders ("IOs") entered into between BPI and pertaining to AU. It is of the utmost importance that all vendors and their affiliates comply with all laws pertaining to advertising, marketing, telemarketing and the Internet. All of the obligations set forth herein apply to vendors and to permitted affiliates or subcontractors; it is the obligation of the vendor to ensure compliance by its affiliates or subcontractors. Failure to comply with such laws is grounds for termination as a vendor; and vendors are responsible for the conduct of permitted affiliates.

Such policies and regulations include the Federal Trade Commission Act (FTC), Section 5, which prohibits "unfair methods of competition" and "deceptive acts or practices." According to the FTC, an advertisement is unfair if it causes or is likely to cause substantial injury to consumers, cannot be reasonably avoided by consumers, and is not outweighed by countervailing benefits to consumers or to competition. An advertisement is deceptive where representation, omission, or practice misleads or is likely to mislead the consumer; a consumer's interpretation of the representation, omission, or practice is considered reasonable under the circumstances, and the misleading representation omission or practice is material. Overall, the FTC has broad authority to address deceptive advertising.

Paramount to vendor compliance is the adherence to the FTC Act as well as the Telephone Consumer Protection Act (TCPA), enforced by the Federal Communications Commission. Other regulation and oversight includes the Consumer Financial Protection Bureau, the U.S. Federal CAN-SPAM Act, and the U.S. Department of Education's Program Integrity Rules, specifically the Misrepresentation Rule.

The Misrepresentation Rule
On July 1, 2011, the Department of Education’s Misrepresentation Rule went into effect, which placed an increased focus on marketing and advertising activities in the higher education sector.

Misrepresentation, according to the rule, is defined as any false, erroneous or misleading statement made by the institution, one of its representatives, or any ineligible institution, organization, or person with whom the eligible institution has an agreement to provide...marketing, advertising, and recruiting or admissions services to. And "...A statement is any communication made in writing, visually, orally, or through other means."

The Rule further states that institutions cannot engage in substantial misrepresentation regarding the nature of their educational programs, their financial charges, and the employability of their graduates or the relationship the University has with the Department of Education. Substantial misrepresentation is defined as "any misrepresentation on which the person to whom it was made could reasonably be expected to rely, or has reasonably relied, to that person's detriment."

Below is a brief overview of three of the four areas regarding the Rule; however, vendors are required to remain in compliance with the entire Misrepresentation Rule.

Statements about Educational Programs:
Regarding the nature of the educational programs — AU cannot be listed in a manner that would suggest or imply it offers degree programs that it does not or that its degree programs provide benefits (e.g., automatic qualification for or certification to a specific profession) that they do not.

Statements about Financial Charges:
Regarding the financial charges — misrepresentative statements regarding AU’s financial charges are prohibited. Please note, the AU website is an excellent source to find the most current information available on tuition and fees, total program costs, the net price calculator, etc.
**Statements about Employability of the Graduates:** Regarding employability of the graduates — vendors are prohibited from making misleading statements regarding the possibility of or likelihood of employment for AU grads, as there is no guarantee that any student attending or completing any program will obtain employment. There are many factors including, but not limited to, the student seeking employment, the student's overall qualifications for a specific job, and the economic conditions and availability of jobs. The main AU website (ashford.edu) has additional information related to this area.

**The Federal Communications Commission**  
**Telephone Consumer Protection Act of 1991**

The United States Congress enacted the Telephone Consumer Protection Act (TCPA) in 1991. This act restricts the making of telemarketing calls and the use of automatic telephone dialing systems and artificial or prerecorded voice messages. This act applies to marketers as well as carriers and is upheld through the FCC which has jurisdiction over telemarketing.

On February 15, 2012, the FCC issued its Final Rules related to changes made to the TCPA. The new rule adopted significant amendments, including new consent to contact standards for solicitation calls made to mobile phones as well as prerecorded solicitation calls made to residential and wireless telephone numbers. The Office of Management and Budget finalized the rule on October 16, 2012 in the Federal Register where it stated prior express written consent is needed for all autodialed or pre-recorded telemarketing calls to wireless numbers and for prerecorded calls to landlines by **October 16, 2013**. It is the expectation of the Marketing department that all vendors will be in compliance with this amendment, and collect the prior express written consent from the prospective student, according to the standards outlined by Marketing and AU.

**State Requirements**

Individual states address false advertising and related consumer protection issues as well, but several may regulate the same conduct differently by identifying several types of problems: i.e. false advertising, misleading, deceptive trade practices, or unfair sales tactics. It is important that vendors are aware of each state's advertising laws and adhere to them. Furthermore, vendors are required to have the appropriate licensure to operate in a given U.S. state.

**DEFINITIONS**

This section will provide a brief explanation of common terms/phrases that are presented in this Guide:

**Media Buyer:** This is the BPI Marketing representative who is responsible for purchasing media in the form of inquiry generation and is responsible for managing the vendor/third-party aggregator relationship.

**Marketing Compliance specialist:** A BPI representative responsible for monitoring the /third party lead aggregators for compliance with internal and external policies and applicable regulation. The Marketing Compliance specialist will communicate on a regular basis remediation requests to vendor with respect to any noncompliance infractions of this Guide.

**Vendor/Third Party Vendor, Third-Party Lead Aggregator(s):** These terms are used interchangeably, as they refer to the same entity—it is defined as any person, corporation, partnership or any other type of entity that is authorized by Respondents to provide prospective student inquires to BPI on behalf of AU.

**Onboarding documents:** These refer to various documents that are forwarded to the vendor during the first phase of establishing a relationship a media campaign with Marketing in order to provide prospective student
inquires to the University. Examples include the content brand standards and the list of programs approved to be advertised.

**Dojo:** The Dojo is the lead management system that BPI utilizes to house prospective student information.

**Content Brand Standards:** this document is the universal ad copy for the University. This document has gone through an in-depth creative and vetting process and is the main resource a vendor/third party aggregator should utilize to create an effective campaign on behalf of AU. If the vendor/third party aggregator wishes to create its own unique ad copy, they must follow the guidelines listed under "Advertising Approvals", please see p. 7-8 of this Guide.

**MARKETING and ADVERTISING COLLATERAL**

*Marketing Copy Distribution*

Vendors are responsible for ensuring its advertising copy is updated with the most current brand voice, logos, and Content Brand Standards, which are supplied, when updates are available, by BPI Marketing in support of AU, must be used in its original form and implemented across all URLs where the brand logo, and/or the University program descriptions are present.

- **Updates to the Content Brand Standards will be issued via email by Bridgepoint's Marketing team.** Any update to the Content Brand Standards is considered high-priority.
- **Once issued, vendors will have two (2) weeks to implement all updates to their marketing collateral (URLs) and ensure their affiliates/partner websites**
- **In the event the new version of the Content Brand Standards is not received or is provided incorrectly, please contact Marketing or Marketing Compliance for a new copy.**
- **Have questions? Contact your Media Buyer point-of-contact or a Marketing Compliance specialist.** Contact information is located on p. 32 of this Guide.

Want to use different ad copy? If a vendor intends to use /create different, unique ad copy, prior approval is required.

**Unique Advertising Approvals**

If seeking approval for non-standard ad copy it will need to receive prior approval before use. Please submit any non-standard AU branded copy (unique copy) to Media Buyer(s) who will then submit the advertising creative, and or ad copy through the BPI internal review process. This ad copy will be reviewed by the Content and Marketing Compliance departments.

**Responsibility for Affiliates:**
All unique copy created by a vendor's affiliate is the vendor's responsibility. Marketing Compliance requires each vendor to communicate these advertising approval requirements to all of its affiliates.

**Submission Requirements:**
- When submitting unique copy, include a description indicating where the content will appear; including URLs; if the content will appear on multiple Web pages, each page must be submitted for approval.
- Plan your creative work and allow a minimum 2 weeks for review and approval of your submitted unique creative and or copy.
- Approval requests can be submitted to your assigned Bridgepoint Education Inc. Media Buyer and cc' Amy Yamall, amy.yamall@bpiedu.com, Marketing Compliance Manager.
- Questions can be directed to, Kristopher Seanez, Kristopher.Seanez@bpiedu.com, or Janea Morgan, Janea.Morgan@bpiedu.com, Marketing Compliance Specialists.
• If submitting an email campaign, email campaign submissions have additional requirements; please see p. 13-14 of this Guide for more information.

Submission Rejections:
• If the advertising creative/and or copy is not approved, feedback will be provided as to "why" and the vendor will have the opportunity to resubmit a new version for approval. Possible reasons for unique content rejection include material that may misrepresent, provide incentives, and or include inaccurate information or claims.
• Resubmissions must include the edits provided by the Marketing Content, and Marketing Compliance departments.

CORRECTIVE ACTION
Remediation Requests

Ashford University takes compliance violations seriously, and expects its vendors to do the same. Marketing Compliance, and, or the Media Buyers, will inform the vendors, by email or phone, of all outstanding compliance violations.

Marketing expects vendors to be responsive to remediation requests and participate in reasonable surveys and questionnaires from time to time. Moreover, vendors are required to act responsibly and cooperate with Marketing Compliance and the Media Buyers.

Remediation Process:
• Remediation notices will include a detailed description of the finding to enable the vendor to respond. These violations require the vendors’ prompt attention.
• Each remediation notice will include a deadline for the vendor to implement changes and to correct the compliance issue.
• For immediate compliance concerns, vendors will have 48 hours only to correct the advertising infraction identified, or the specific URL campaign will need to be suspended immediately until remediation has been completed by the vendor.
• For more moderate advertising compliance infractions, Marketing Compliance will set a deadline for the vendor to complete remediation activity, ranging from seven to 10 calendar days.
• Unresolved compliance infractions, depending on the severity, will be escalated to the Media Buyer team. Escalated compliance infractions may result in potential sanctions on the campaign, including, but not limited to a suspension in the specific URL or the overall campaign.

SPECIFIC ADVERTISING GUIDELINES

The below list outlines specific advertising guidelines vendors and its applicable affiliates are expected to adhere to:

ACCURACY
• All statements and representations must be clear, factually accurate, and as current as possible.
• Advertising statements and promotional material issued on behalf of the AU Brand must accurately represent the characteristics of the institution and its degree offerings.
• Advertising must abide by all applicable laws, regulations, and BPI Marketing compliance policies.

STATISTICS
• Any statistic or ranking used must be directly attributed to a credible source which the user can rely upon and if feasible, the vendor must include a hyperlink to the source. If it is not feasible, the reference should be thorough enough to direct the consumer to the source without the need for a hyperlink.
RANKINGS ON WEBSITES OR LISTS OF TOP/BEST SCHOOLS

- If a vendor or third party aggregator uses a ranking system to categorize or rate the University or an AU program on a given website, then a clear disclosure must be placed on the website. The disclosure must expressly lay out the criteria used for including the University in a ranking system with other colleges.
- The ranking criteria must be visibly disclosed in a clear and conspicuous location for the consumer’s reference. If using an algorithm, it must be readily available and display how the data was gathered and processed.
- Superlatives such as "best" or "top" are a form of ranking and must be accompanied by an adequate disclosure. Overall, this attribution, and or disclosure, will assist in helping to prevent misrepresentation of the information which the user may reasonably rely upon. This disclosure will also aid in creating a transparent and optimal experience for website visitors.

USE OF SUPERLATIVES IN ADVERTISING

Definition:

A superlative, according to the Merriam Webster Dictionary is “1.) Of, relating to, or constituting the degree of grammatical comparison that denotes an extreme or unsurpassed level or extent; 2 a. surpassing all others, b. of very high quality.”

The AU brand may not be attributed to the following prohibited superlative phrases. Please note that this list is not exhaustive and may include other superlatives not listed below:

- “Best Online College”
- "Fast Online College"
- "Top Online College"
- "Highest Transferability of Credits"
- "Lowest Cost"
- "Great Programs"
- "Greatest Programs"
- "Most Affordable"
- "The Cheapest"

Superlatives may be perceived as a form of hyperbole; and therefore, embellished phrases must be exercised in advertising with care. The use of superlatives in relation to or associated with AU degree programs and the services which the University provides must be substantiated and disclosed to the consumer either in the paid search ad copy, display, or digital advertising; or on the corresponding Web page to which traffic is driven. This disclosure or substantiation must include the research/data/evidence used to support any claim made.

USE OF CLAIMS URLS

I. A “Claims URL” is any website whose domain name or landing pages:
   a. Contain terms which may imply specific characteristics of the colleges listed on the website by applying a superlative to URL, including, but not limited to, “best,” “top,” “cheapest,” “fast,” etc. These terms may imply that the entire website is making claim that the advertised schools are associated with the adjective or superlative used to describe the site, such as best, top, cheapest, fast, etc.
   b. Contains terms which may imply that the schools or colleges on the site are all inclusive (for instance, “every,” “all,” “complete”); or
   c. Contains terms which may imply that the website is military-associated, for instance “thebestmilitarycolleges.xyz”;

II. Vendors who use “Claims URLs” MUST receive prior approval to list AU on the associated site.
USE OF CAREERS IN ADVERTISING

Any use of careers in relationship to, or associated with, degree programs and their outcomes must align with the AU website career outcomes and the applicable SOC code(s). Furthermore, such advertising is considered non-standard and prior approval is required. See the Advertising Approval section of this Guide for an overview of this policy and its process.

USE OF THE BUREAU OF LABOR STATISTICS IN ADVERTISING

The Bureau of Labor Statistics (BLS) of the U.S. Department of Labor is an independent national statistical agency "responsible for measuring labor market activity, working conditions, and price changes in the economy. Its mission is to collect, analyze, and disseminate essential economic information to support public and private decision-making."[1]

The BLS offers a wealth of information and is often used in advertising to support advertising claims. Marketing is understanding of this usage and has released the following policy toward the use of BLS statistics in relation to AU. Therefore, any use of BLS information (career-oriented, salary expectations etc.) must be referenced as such:

I. Provide an accurate depiction of the data. Please LIST THE SALARY MEDIAN and properly disclose the source and direct link to the source in close proximity to the statement. Please do not list the highest salary or the mean salary as the only or predicted outcome for a particular degree.

II. Ensure attribution, and/or use of disclosures is provided to help prevent misrepresentation of the information which the user may reasonably rely upon. Attributing the data will help create a transparent and optimal consumer experience for prospective students and the general public. If referencing the information with the use of a BLS URL, provide the consumer the specific URL link that leads to information referenced.

III. Marketing expects that vendors will maintain any and all URLs used to support its advertising claims, including those that utilize a BLS URL link, ensuring the information is kept updated. General URLs that lead a consumer to a landing page will not suffice where they need to search for the information will not suffice, unless the referenced data lives specifically on the general landing page.

AU LOCATION STATEMENTS

When referencing the AU degree program location, please note that third-party aggregator advertising is PERMITTED ONLY FOR AU ONLINE PROGRAMS; therefore, any reference to the AU campus in Clinton, IA must be clearly marked. Media Buying is conducted for AU online degree programs only. Campus is excluded, therefore the address must be referenced is the San Diego Address. This designation will help avoid misleading or confusing statements about which programs are offered with AU Online vs. AU Campus.

CLAIM SUBSTANTIATION

Vendors and their affiliates are required to have a reasonable basis for brand-based claims made in advertisements concerning the efficacy of the service before the advertisement is released. Claim Substantiation, often referred to as evidentiary support for claims made in advertisements, is a requirement for all AU advertising.

When seeking to make claims concerning the efficacy of the service (other than claims from Pre-approved AU Branded material), vendors and their affiliates must seek prior approval from Ashford, as they must for any unique content, and they must also provide Claim Substantiation. It is imperative that vendors and their affiliates maintain a record of the substantiation of their claims for at least two years after the claim first appears in an advertisement.
STATE AUTHORIZATION/LICENSURE

Appropriate state and accrediting agency approval is required to operate in a given U.S. state. Vendors must ensure they have the required approvals in order to maintain a business relationship with the Ashford University.

DOJO

Vendors and their affiliates are required to use the most current degree program list in their advertisements and on the lead forms. Refer to the Dojo to obtain this list.

BLOCKED STATES

Refer to the Dojo to view Marketing's list of currently blocked states.

GEO-DISCLAIMER

This statement must be on or in close proximity to the lead generation form for AU:

Certain degree programs may not be available in all states.

VIOLENCE & ILLEGAL ACTIVITY

Please review the general requirements for the AU Brand regarding violence and illegal activity:

I. Advertising may not constitute, facilitate, or promote illegal activity.

II. Advertising may not harass, insult, attack, bully, demean, or threaten others.

III. Advertising may not contain "hate speech," whether it is directed at an individual or a group. Types of "hate speech" include, but are not limited to, race, sex, gender, creed, national origin, religious affiliation, marital status, sexual orientation, language, or identity.

IV. Advertising may not target minors.

V. Advertising may not include content that infringes upon or violates the rights of any third party, including copyright, trademark, privacy, or other personal or proprietary rights.

DISCLOSURES

Gainful Employment Disclosure

Gainful Employment disclosure is required on all promotional material whenever a specific program is mentioned. (i.e., if a vendor has a long program list on a website, the list must have the University's program disclosure statement, and link, prominently displayed on the page.)

Required Disclosure Statement

For more information about on-time completion rates, the median loan debt of students who completed each program, and other important information, please visit: http://ashforddisclosures.com/

The required disclosure information has been provided to the vendor via the onboarding documents in the Dojo and can be accessed through the Asset Library.
Program Terms and Conditions

Specific programs are accompanied with certain terms and conditions. If a vendor chooses to list a program description, the corresponding terms and conditions must also be listed. Refer to the current issue of the AU Content Brand Standards for programs with required terms and conditions. If you’re unsure if you have the most current copy, contact Marketing Compliance Specialists, Kristopher Seanez, kristopher.seanez@bpliedu.com, or Janea Morgan, janea.morgan@bpliedu.com.

ACCREDITION

Below is the approved accreditation statement for third-party aggregator-use. If listing the Ashford University accreditation, please use this approved statement only.

Ashford University is accredited by WASC Senior College and University Commission (WSCUC), 985 Atlantic Avenue, Suite 100, Alameda, CA 94501, 510.748.9001, www.wascsenior.org.

SUSPECTED TRADEMARK INFRINGEMENT ("TM")

A trademark is a distinctive name, symbol, motto, or design that legally identifies a company or its products and services. Bridgepoint Education's Marketing department proactively safeguards the Ashford University brand. Please adhere to the following Guidelines:

GENERAL POLICY ON TRADEMARKS

I. Aggregators are prohibited from bidding on AU trademark terms or utilizing the logos of the schools or utilizing copyrighted content without prior permission from the Marketing department. This usage includes variations, plurals, and misspellings of trade names.

II. Trademark terms should be set up as negative keywords, including: Ashford University, Ashford

III. Vendor abuse of this policy will not be tolerated; such acts may have potential damages to the brand and potentially dilute the brand.

POLICY ON AGGREGATOR SUSPECTED PAID SEARCH TRADEMARK INFRINGEMENT

I. Aggregators may not buy AU trademark terms for paid search advertising efforts. This usage includes all variations, plurals, and misspellings of these trade names.

II. Aggregators are restricted from using trade name terms in the body of paid search ad messages, or display URL’s (for both paid and natural search) regardless of the term(s) purchased, generic or otherwise.

III. Trademark terms must be set up as negative keywords, including: Ashford University, Ashford

IV. If conducting Paid Search, please reach out to Marketing for a complete list of AU’s trade terms and its variations in order to set them as negative keywords.
POLICY ON SUSPECTED SEO TRADEMARK INFRINGEMENT

For SEO efforts, trademark terms should be set up as negative keywords, including: Ashford University and Ashford.

REMEDIATION PROCESS

It is the expectation of the Marketing Department that upon notification of any suspected "TM" infringement, the aggregator will have forty-eight (48) hours to respond and remove the University from the SEM campaign. If such an issue arises a representative from Marketing or Marketing Compliance will be in contact with the applicable vendor.

Any found instance of suspected infringement will be escalated to Marketing for its review.

Persons with information regarding suspected trademark infringement issues on the AU brand are encouraged to inform Marketing or Marketing Compliance of any suspicious activity.

EMAIL

Guidelines to Follow for a Compliant Email Message:
Email Marketing must remain compliant with the CAN-SPAM Act, which includes messages intended to sell a product or service. Third-party aggregators are prohibited from conducting an email campaign which references AU's name, logo, program offerings, or other University information, for the purpose of driving traffic to a vendor or affiliate site where marketing offers are available for the consumer's review and consideration, without appropriate authorization from Marketing. Without approval, email campaigns are considered a prohibited activity for third-party aggregators.

If a vendor wishes to conduct an email campaign containing the AU Brand, or linking directly to an AU branded landing page, it must receive prior written permission from Marketing and undergo Marketing Compliance Review. To seek approval, vendors are required to submit a plan, outlining the proposed email campaigns, including such details:

Submit the following for approval:

- Specify if the email campaign is a nationally-focused email campaign, specific to a demographic or includes state and its residents,
- Provide the campaign ad copy and creative;
- Provide the email subject lines to be used;
- Provide the associated Website landing pages (URLs) to be used within the email and also the destination URLs which the email directs the consumer to;
- Provide the expected lifespan of the email creative
- Include a statement regarding how you (the vendor) maintain compliance with CAN-SPAM requirements
- Provide your unsubscribe policy;
- Ensure every email sent out includes an explicit email disclaimer statement that clearly identifies that the sender of the email is from the vendor and not the associated with the school brand.
Other Requirements:

The vendor will be provided an exclusion list by Marketing Compliance, detailing specific states to which AU is prohibited from advertising as a result of state compliance restrictions on advertising. Work with your Media Buyer contact to ensure any necessary exclusions are implemented.

Appropriate state and accrediting agency approval is required to operate in a given U.S. State, and state agencies may have restrictions on email marketing. Therefore, third-party aggregators are required to have the necessary approval to market and advertise in a given state.

Approval Finalization:

Work with your Media Buyer contact to submit this information for approval. The Media Buyer will submit this through the internal review process; once this information has been submitted, the proposal will be reviewed by Marketing’s Content team as well as by the Marketing Compliance team. Please allow at least 2 weeks for approval.

SOCIAL MEDIA

Marketing maintains control over the use of Social Media by the organization and carefully reviews statements made and articles posted on Social Media for SEC and legal concerns. Furthermore, Marketing’s Social Media department has a team dedicated to the monitoring of Social Media postings that reference the AU Brand. Furthermore, the team uses Social Media as a resource for AU’s own branding and student community-building activities.

It is the policy of AU that posting on Social Media, as related to AU, without prior written permission, constitutes infringement of the AU registered trademark. As such, Marketing’s policy instructs vendors and or third-party aggregators to seek prior written permission before use of ‘Ashford University’ in its Social Media.

Any mention of the AU brand and/or its program offerings in social media is strictly prohibited. Social Media includes, but is not limited to, Craigslist, Facebook, Twitter, YouTube, Google+, Pinterest, Instagram, LinkedIn, Tumblr, Foursquare, Yelp, Reddit.com, Vine, Flickr, etc. The use of Social Media may be linked to any of the following marketing tactics or reside within the media networks themselves. Some may exist within branded websites, emails, video advertising, mobile phone campaigns, etc.
The exception to this policy is as follows:

PRIOR APPROVAL PROCESS

If a vendor wishes to utilize Ashford University branding in their social media campaign efforts, submit your concept to your Marketing point of contact and Marketing Compliance for prior written permission.

Requirements are:

- Submission of a detailed campaign plan.
- A vendor's use of social media will need to be addressed contractually before being authorized to post on AU’s behalf, as social media posting comes with its own specific set of legal issues.

MILITARY ADVERTISING POLICY

Any and all military-themed or military-based advertising activities proposed to be conducted by any vendor or affiliate must be pre-approved in writing by Marketing Compliance prior to launch.

Marketing Compliance would like to provide its third-party advertisers some helpful dates and information on current events taking place within online education and specifically related to military advertising. Please be aware of this information and act accordingly.

Important Dates

- In April 2012, U.S. President Barack Obama signed an executive order in Fort Stewart, GA. The White House said in a press release that the order will help ensure service members and their families have the information they need to make informed educational decisions and protect them from aggressive and deceptive targeting by educational institutions.

- In December 2012, the U.S. Department of Veteran Affairs announced that the term ‘GI Bill’ is now a trademark of the U.S. Patent and Trademark Office and the VA is the sole owner of the mark.

- On January 30, 2014, the Departments of Veterans Affairs, Defense, Education and Justice, along with the Consumer Financial Protection Bureau and the Federal Trade Commission announced the launch of a new online complaint system designed to collect feedback from veterans, service members, and their families who are experiencing problems with educational institutions receiving funding from federal military and veterans educational benefits programs, including benefits programs provided by the Post-9/11 GI Bill and the DoD Military Tuition Assistance Program.

- As of March 2014, only “authorized third-parties may use the registered trademark ‘GI Bill’ in print, electronic, radio, digital, or other media as established by the terms of use.” Furthermore, at this time, “third-party use of the trademark is restricted to the education and training institutions eligible to receive VA education benefits, State Approving Agencies, and recognized Veterans Service Organizations.” Any entity not listed is “prohibited from using GI Bill in any manner that directly or indirectly implies a relationship, affiliation, or endorsement with the Department of Veterans Affairs.”

BPI Marketing is a dedicated advocate for providing accurate, reliable information to all audiences, not only military service members. In support of this, AU provides information to service members regarding the educational opportunities, degree programs, and services which it offers. Aggregators may advertise to this audience but must comply with the following Military Advertising Requirements:
MILITARY ADVERTISING REQUIREMENTS:

Below are the military advertising guidelines for Ashford University:

**Military-related Website** is any website that is principally focused on, or relating to, United States military personnel or their families (including, but not limited to, education-related issues) and/or sites that contain substantial volume of symbols or images related to the United States armed forces including but not limited to United States military insignias, soldiers, medals, uniforms, weapons, and/or which contain information related to United States military enlistment, advancement, rules, regulations, bulletins, manuals, weapons, procedures, or military education benefit programs.

**Web Content/Creative Review Required**

The vendor must send to Marketing Compliance for prior review and approval ALL content and creative collateral that is aimed at military. Please refer to the standards listed in the ‘Advertising Approvals’ section of this Guide as all content tailored to the military is considered unique content and may not be published without prior approval.

"Claims URLs"

I. Vendors who use military- "Claims URLs" MUST receive prior approval to list AU on the associated site.

II. A "claims URL" is defined as any website whose domain name contains terms which may imply that the website is military-associated, for instance "thebestmilitarycolleges.xyz", or the or any lists of schools or colleges contained therein which are all inclusive, (for instance, "every," "all," "complete"). If using a "Claims URL," the vendor must list on the page, clear and conspicuously, a disclosure that the site is sponsored and is not a comprehensive list.

III. A "Claims URL" may also imply specific characteristics of the colleges listed on the site by applying a superlative to the colleges listed, including, but not limited to, "best," "top," etc. The superlative may be listed in the domain name or on the landing page environment. These terms may imply that the entire website is making claim that the advertised schools are associated with the adjective or superlative used to describe the site, such as "best," "top," "cheapest," "fast," etc.

In addition, third-party vendors and their affiliates must comply with the following military specific-guidelines:

I. Vendors and associated affiliates **MAY NOT LIST** AU on a site that suggests/imply the University or any of its programs is endorsed by, affiliated with, or benefits from, the U.S. Government, U.S. Armed Forces, or U.S. Department of Veteran Affairs, when it is/does not. Some exceptions may apply. Please reach out to BPI Marketing Compliance for further information.

II. The University may **NOT** be associated with websites that use the seals (official or imitation), emblems, and initials of the U.S. Government, U.S. Armed Forces, or U.S. Department of Veterans Affairs, including those of the Navy, Air Force, Marines, Army, Coast Guard, National Guard, or Veterans Affairs. Military seals etc. are trademarked and require written permission and or a license from the military branch in question.

III. Vendors and affiliates should be aware of the other military trademarks and should abide by the applicable military branch's trademark requirements. A trademark is any mark, logo, symbol, nickname, letter(s), or any combination of these that points to and can be associated with a military branch. For example, some Marine Corps trademarks are as follows: the Eagle, Globe and Anchor emblem, the term Marine Corps., Marines, U.S. Marine Corps, the initials USMC, enlisted rank insignia, unit logos, and USMC slogan: The Few. The Proud; and the official Seal are deemed insignia owned by the U.S. Marines Corps. This list is not exhaustive. Similarly, other military branches have trademarks.

IV. Vendors **MUST LIST** a prominent and direct disclosure, located adjacent to, or immediately below the website's logo and or name, designating it as a non-government, privately-sponsored website.
V. Wherever a former member of the military presents information and/or responds to questions (i.e. military bloggers), vendors MUST INCLUDE a prominent disclosure that informs the consumer whether or not:
   a.) the individual is retired or no longer in the service; and
   b.) Lists his or her former branch of service, last rank, rate, and total number of years in service.

VI. Within the “About” section or “Information” section, etc. of the military-related website, the vendor MUST LIST the site as a private website which is not affiliated with the U.S. government, U.S. Armed Forces, or Department of Veteran Affairs.

VII. Within the “About” section or “Information” section of the military-related website, the vendor MUST LIST who owns the website (vendor name), including the address of the vendor’s place of business and a direct link to the Home Page of the vendor’s corporate website.

VIII. Vendors MUST include their privacy policy within any military-related website.

IX. If discussing military benefits, accurately disclose all information and attribute it to an official authority on military benefits. Vendors must not represent or imply that schools listed on their websites are the only schools at which Military Benefits could be used. Furthermore, it is recommended to LIST, WHERE APPLICABLE, a direct link to the official U.S. Department of Veterans Affairs and Department of Defense websites for obtaining more information about veterans benefits.

In General, Vendors MUST Provide Accurate and Complete Information on ALL of the following:

I. Institutional accreditation

II. Programmatic accreditation, only add if instructed by Marketing, on behalf of AU;

III. Programmatic terms and conditions, including whether a program meets minimum requirements to qualify a student for state licensure and/or certification in relevant occupation(s);

IV. Clearly define the academic program requirements,

V. Clearly define financial information, and the total cost of admissions, tuition, and mandatory fees. (NOTE: remember that all such information must be pre-approved by the Content and Marketing Compliance departments if it is unique content; in general, this kind of information will always be unique).

VI. Institution participation in veteran programs, partnerships, and institution transfer credits.

VII. Ensure the most current Content Brand Standards are used.

VIII. Ensure the AU mission statement is clearly articulated and defined.

IX. Remain in compliance with all other policies addressed within this guide.

ADVERTISING ASHFORD COLLEGE OF EDUCATION PROGRAMS

It is the policy of Ashford University, that all third-party aggregators maintain the accuracy of reporting the degree programs it offers, including the University’s education programs offered online through the College of Education.

- MUST NOT list or describe AU as offering “teaching” degrees or programs and MUST NOT represent or imply that AU’s education programs are “teaching” degrees or programs.
Furthermore, any AU education program that is featured in an online, third-party aggregator advertisement or lead form must describe the program and its degree outcomes accurately. If the degree program is being described, it must include the terms and conditions listed in the Marketing issued Content Brand Standards or found on ashford.edu.

'Teaching' / 'Teaching Degrees' used in Headlines

I. AU education programs MAY NOT be included or listed on Web pages whose headlines or sub-headlines describe succeeding programs as being "teaching degrees," "programs for teaching," or similar.

II. AU education programs may only be included on a Web page that focuses on "teaching" or "teaching degrees" IF AND ONLY IF it is previously approved by Marketing Compliance to ensure accuracy. Among other things, the Web page must include a statement in close proximity to, and clearly identified with, the listing for AU indicating that the University does not offer "teaching degrees" and that "An online degree from Ashford University does not lead to immediate teacher licensure in any state." Marketing Compliance may require additional steps to ensure that the listing is accurate and is not misleading.

This will help to ensure a prospective student, or the general public, does not misconstrue AU educational degrees as meeting various state requirements to become a licensed or certified teacher.

   o Reference the "Advertising Positioning/Layout Section", later in this guide, for added clarification

III. If a page lists, or describes, multiple areas of interests (i.e. "Teaching," "Education," "Education Administration"), a clear statement should be included with AU educational programs designating to which specific interest a degree program has been matched.

IV. Always utilize the current Content Brand Standards, and incorporate the licensing disclosures listed within when citing any of Ashford's College of Education Programs.

If you have any questions regarding this section, please reach out to Marketing Compliance to discuss the matter further and gain additional insight, etc.

ADVERTISING SPECIALIZATIONS AND TRANSFER CONCENTRATIONS

Within the Dojo is a list of approved programs which vendors and respective affiliates are required to list on their websites. However, some AU programs do offer prospective students the ability to add to their degree what is known as a "transfer concentration," which is not to be confused with a degree specialization.

Third-party advertisers and their affiliates ARE ONLY APPROVED to advertise the degree program's specialization and ARE NOT APPROVED to promote or advertise transfer concentrations. If the vendor wishes to market a degree program's transfer concentrations, they must obtain prior-approval from the Marketing department.

For background, the below definitions outline the distinction between a degree program's specialization and a degree program's transfer concentration.

Definitions:

Specializations are part of a program's curriculum. If a program with a specialization is chosen by a student, the student will receive specific instruction on the chosen specialization. Therefore, all specializations are allowed in Internet advertising and program listings, unless otherwise indicated by Marketing or Marketing Compliance.

Transfer Concentrations are intended for Bachelor's students who have experience and/or extensive transfer credit coursework in a field of study outside of their major at the time of admission. Students must petition for a transfer concentration in a defined subject area and submit a minimum of twelve (12) credits of coursework before approval is granted.

Refer to the onboarding documents, located in the Dojo, to view the approved program list for vendor use.
These particular “transfer concentrations” listed below are no longer allowed to be included in vendor advertising. If you have any questions, please contact the BPI Marketing department.

USE OF ‘GRANTS’ AND/OR ‘FINANCIAL AID’ IN ADVERTISING

The use of the word 'grant,' or the phrase, 'financial aid,' by third-party aggregators is allowed in the main headline of advertising campaign IF, AND ONLY IF, it receives the appropriate prior approval from Marketing's Content dept. and Marketing Compliance.

Furthermore, the following requirements must be followed:

Provide Helpful Information on ‘Grant’ and 'Financial Aid’

- Grant Information or information on financial aid provided to the consumer or prospective student must be substantial and accurate. It must provide a thorough description of the types of grants and loans available to those who qualify.

- All Financial Aid information, including discussions of grants, must be accurate, and its source(s) must be attributed.

- The information provided must be timely. Outdated information risks being inaccurate, misleading or unreliable.

- The vendor must not represent or imply that a prospective student must submit his or her contact information to qualify for financial aid programs, including grants.

‘Grants’ and ‘Financial Aid’ used in Headlines or Body Copy

(Paid Search ads (SEM), SEO, Display Advertising, and Third-party Vendor Microsites)

Ensure a speculative qualifier exists within the headline, or body copy. A "speculative qualifier" is utilized in order to support a statement when there are stipulations to consider. This detail is important because not all prospective students will qualify for, or obtain grants and/or financial aid. Acceptable qualifiers, if approved by the above departments, include: may, might, could. (For example: Grants may be available if you qualify).

ADDITIONAL GUIDELINES:

Clear Consent for Information on ‘Going back to School’

- Any lead forms used to collect contact information must clearly and conspicuously disclose to the prospective student that he or she is submitting their contact information and providing their prior written express consent in order to obtain more information from the University about going back to school, not to receive grants or to receive more information about grants.

- Lead forms, and any pages on which they appear, may not suggest or imply that the submission of contact information is necessary to qualify for grants or financial aid programs.

- If grant and/or financial aid information is listed on the same page as an inquiry form, the information must be independent of from it.

- Ensure a clear separation exists between the form and the grant and/or financial aid information to ensure that it is clear to the prospective student that they are submitting contact information to receive more information about returning going to school, not to receive grants or to receive more information about grants.

No Endorsements from Government Branches and/or Agencies

Advertisements MUST NOT SUGGEST the University is endorsed by any of the following: the Department of Education, the Department of Veterans Affairs, state or federal law enforcement or regulatory agencies, or the U.S. Federal Government.
Attribute 'Grant' Data

If a specific dollar amount ($) (including references to “up to” a specific dollar amount) of a grant and/or financial aid is listed on a webpage or advertisement, including in the headline, body text, Paid Search Ad (SEM), SEO, Display Advertising, and/or Third-party microsites, the headline must include a speculative qualifier and the associated landing page must provide reference to a reliable and accurate source for that specific dollar amount. The reference must pinpoint directly to the source for the specific dollar amounts ($) referenced.

It is the policy of AU to not be part of any advertising that fails to attribute financial statements related to the sum an individual could possibly obtain via grants and/or financial aid.

Attribute 'Grant' Information Accurately

Various federal grants have various stipulations. For example, the Pell Grant is strictly for students pursuing their first undergraduate degree (Associate’s or Bachelor’s). Therefore, graduate programs from Ashford University are prohibited from being displayed on a Web page that provides information on the Pell Grant, no matter how accurately the information is presented.

Pursuant to AU policy, Ashford University may not be listed on any page or promoted through any advertising that fails to provide accurate and reliable substantiation for statements made relating to an individual’s ability to obtain grants, or the amount of grant funding that could be available to a prospective student.

FORBES SCHOOL OF BUSINESS® POLICY

Ashford University has permission to use the name “Forbes School of Business” pursuant to a license agreement with Forbes Media. The following guidelines are required to be met by all third-party vendors who advertise the Forbes School of Business at AU in order to ensure strict adherence to AU’s contractual obligations to the Forbes parties. As always, unique content is subject to AU review and pre-approval.

Vendors that utilize the “Forbes School of Business” name in the course of inquiry generation activities for AU is authorized to do so only upon meeting all of the following requirements:

I. Each inquiry provider must adhere to the Content Brand Standards located in the Dojo, as the same may be updated from time to time by Ashford. Any deviation from the content brand standards must be submitted and approved by BPI Marketing and Marketing Compliance before it is launched.

II. Please mark the FIRST USE of each “Forbes School of Business at Ashford University” with the appropriate trademark symbol “Circle R.” It should read “Forbes School of Business®.” Please use the superscript version of Circle R. The trademark designation should occur the first time the “Forbes School of Business” appears on a page, but does not need to be used multiple times on one page.

III. On each Web page that includes the mentioning of the Forbes School of Business, post a trademark notice stating “Forbes School of Business is used under license.”

IV. Vendors may not use the Forbes name in any other combination than “Forbes School of Business at Ashford University” or as set forth in the content brand standards.

V. Paid search campaigns conducted by vendors may not include paid search involving the Forbes brand; each vendor engaging in paid search advertising must set “Forbes” as a negative keyword in their search campaigns.

VI. The Forbes School of Business name may only be displayed on a website that is professional in presentation and is not connected in any way with any activity that is illicit, immoral, unethical, illegal, or which would damage the reputation of the Forbes name in any way.
VII. Vendors are not authorized to register or establish any domain name or subdomain utilizing the Forbes or Forbes School of Business name.

VIII. Vendors are not authorized to display any Forbes name or mark on any foreign-hosted or owned website, or in connection with the active solicitation of any students outside of the United States.

IX. If requested by Marketing or Marketing Compliance, the vendor must be prepared to update or remove any nonconforming Forbes content or display promptly and in no event longer than twenty-four (24) hours following the notice to the vendor by BPI.

X. Vendors may not send emails to prospective students utilizing the Forbes School of Business name or referring to Forbes without the prior review and approval by BPI's Marketing and Marketing Compliance departments.

Approval Requests for Unique Content
If you plan on utilizing material, outside the Content Brand Standards, for the Forbes School of Business, it must go through the approval process that was presented earlier in this guide.

- Approval requests can be submitted to your assigned Bridgepoint Education Inc. Media Buyer, and cc'd to Amy Yamall, amy.yamall@bpiedu.com, Marketing Compliance Manager.

PROHIBITED TYPES OF FINANCIAL INCENTIVIZATION

Vendors are prohibited from associating Ashford University with any of the following programs or careers because AU does not offer or lead to any of the following outcomes.

Review this section carefully when considering advertising placement for AU degree programs. An egregious placement of AU with any of the following, depending on the severity, may result in a possible sanction on the campaign, up to and including termination of the contract agreement between the vendor and AU. ### TELEMARKETING CONSUMER PROTECTION ACT (FCC)

*Collecting Prior Express Written Consent from the Prospective Student*

The Federal Communications Commission (FCC) amended its Telephone Consumer Protection ACT (TCPA) of 1991 to require prior express written consent for all autodialed or pre-recorded telemarketing calls to wireless numbers and for prerecorded calls to landlines.

In summary, the rule states: *No telemarketing call may be made to a consumer’s cell phone using an automatic telephone dialing system without obtaining the prior express written consent from the consumer.* It defines an automatic dialing system (ATDS) or auto-dialer as a predicitve dialer, power dialer, click-to-call, or anything that can dial numbers without human intervention.\(^\text{1}\)

To comply with the TCPA, vendors are required to complete the following before publishing a new inquiry form on the Web, on behalf of AU:

Submit the TCPA Prior Express Written Consent Statement to be used to Marketing and Marketing Compliance for review and approval from Marketing Compliance, who may on consult Legal, if necessary. This submission should include a screenshot showing where the TCPA statement would be placed on the lead form

- Submit all URLs that will be used to generate inquiries for the campaign.
- Ensure the campaign is 100% implemented with LeadID and the LeadID TCPA Solution and confirm this with the Media Buyers.
- If you (the vendor) have your own version of the TCPA Consent Statement that you would like to use, follow the steps above, and submit the unique TCPA Consent Statement to Marketing Compliance for approval.
- Ashford University has adopted verbiage and standards, which are recommended for your use. If you choose to use this version, please notify Marketing Compliance. If you have questions, or concerns please contact the Marketing Media Buyers or Marketing Compliance.
INQUIRY FORM STANDARDS

Ashford University Inquiry Form Requirements

To ensure vendors conform to the lead form field requirements and also conform to regulations set forth by the Telemarketing Consumer Protection Act (TCPA), referenced earlier in this Guide, Marketing and Marketing Compliance has included the following standards. These standards are a requirement on all prospective student inquiry forms.

Please always be prepared to provide background information on how the inquiry was obtained and landing page environment of lead origin, if requested by Marketing or Marketing Compliance.

Ensure the following verbiage is applied to all inquiry forms (lead generation forms), and ensure the verbiage is clear and conspicuous on the forms. Or ensure that the vendor lead form(s) have an alternative TCPA consent present that has been approved by Marketing Compliance, who may consult Legal, if necessary.

---

**Form Requirements**

I. The form must include an approved ‘opt-in checkbox’ or a ‘submit button.’

II. If utilizing a ‘checkbox,’ it must be left unchecked, and the prospective student must check it in order for the inquiry to be submitted as valid.

   If a ‘submit’ button is used, please correspond with Marketing Compliance for approval. Please note the button must be actively ‘pushed’ by the consumer for it to count as a submission and valid lead.

III. The lead form must utilize the approved prior written express consent (PEW) verbiage on each lead generation (student inquiry) form, unless Legal and Marketing Compliance. Prior to use, all alternative versions must be approved by Legal and Compliance.

IV. The prior written express consent (PEW) verbiage must remain clear and conspicuous. It may not list additional vendor information, including, but not limited to, a full vendor privacy policy, its select terms and conditions, and/or refer to a promotional campaign or unrelated statement which, upon review, would cause the AU PEW consent to become unclear and no longer conspicuous.

V. A vendor’s own consent language cannot be paired with AU’s consent language. It must remain separate. The consumer must not be required to opt-in to a vendor privacy policy or its terms and conditions in order to request information from AU.

VI. There are a certain number of required fields in the lead form; these must all be present as indicted by Marketing.

**Inquiry Delivery**

To reiterate, upon delivery:

I. All inquiry generation forms used to generate inquiries on behalf of Ashford University must be compliant with the amended TCPA.

II. Inquiries must be delivered affirming the consumer’s consent. If a submit button and check-box exist, then both must be marked to confirm consent and have the lead be valid submission.
III. FOR ONLINE THIRD-PARTY ADVERTISING CAMPAIGNS: Upon delivery, inquiries must flow through the Lead Management System, and include, at the time of submission, a “Yes” in the consent to call field to affirm the consent and be converted into a valid PEWC lead.

IV. FOR CALL CENTER CAMPAIGNS: Upon delivery, inquiries must flow through the Lead Management System and include at the time of submission a “NO” in the consent to call field to affirm the consent.

V. All inquiries are to be delivered in “real time”.

AD LAYOUT REQUIREMENTS & RESTRICTIONS

- Headlines and subheads- phrases and any other statements made must be truthful; they cannot promise or guarantee anything on behalf of AU where the University’s name and or degree program(s) are listed.

- Body Copy- the primary copy on a Web site that lists AU must be related and relevant to the AU programs and/or the AU educational services. Body Copy must not violate the Department of Education’s Misrepresentation Rule or any other legal requirement.

- Photos must depict the appropriate environment and be relevant to the curriculum taught at AU if AU degree programs are listed or mentioned in the ad.

- Graphics must depict the appropriate environment for the body content and be applicable to the AU programs mentioned on the page.

- AU Logo(s) - the vendor agrees to use the current AU logos, either primary or secondary logo, and agrees to not modify the AU logos, combine it with another mark, or register any marks similar to the AU logos.

ADVERTISING POSITIONING/LAYOUT

Marketing Compliance is aware a website’s advertising layout could potentially mislead a prospective student, current student, or the general public by its ambiguity. This ambiguity could lead to a misrepresentation risk for Ashford University and its degree offerings. In order to curb this risk, Marketing Compliance has issued the following layout requirements for its branded online advertising. *If you have any questions, please direct them to Kristopher Seanez, Krstepher.Seanez@bpliedu.com, or Janea Morgan, Janea.Morgan@bpliedu.com, Marketing Compliance specialists.*

Required

- All website advertising must distinctly identify the AU brand and the programs offered. Online advertising can bear no misleading implications about the programs offered by the institution due to the website’s layout or content. This requirement includes any headlines which introduce a degree program.

- If AU should appear on a vendor or affiliate Web page with unrelated degree program content, it must be listed under a “Featured Colleges” header or “Popular Colleges” header or listed in another manner which has been approved for use. AU must remain distinct and clearly separate from the unrelated degree program content, and the entire Web page must not mislead individuals into believing that the unrelated degree program content relates to AU.

  o AU may be listed on a page with unrelated content if, and only if, the following conditions are met:
- The University is listed as a "Featured College" or "Popular College" and there is a clear separation from the unrelated content.

- A clear and conspicuous statement is in close proximity to the "Featured College" or "Popular College" sub-headline which states the school(s) included on the list is unrelated to the content of the page, or the school(s) does not offer the degree programs described in the main content body. Alternatively, sub-headlines may state "Featured Programs without [unrelated degree]" or "Popular Colleges without [unrelated degree]."

**Prohibited**

- It is unacceptable for Ashford University's name, logo, or degree programs to appear on a vendor or affiliate Web page whose content is unrelated to the degree programs or services offered at AU.

- If an evaluation of advertising is necessary, the Web page's banners, headers, and advertising positioning will be reviewed. This review includes potentially misleading conclusions about AU's degree programs, financial charges or other services.
**EXAMPLE: REQUIRED WEB PAGE LAYOUT FOR THE AU BRAND**

**UNAPPROVED**

**Career Driven Advertising for Online Degrees accompanied with a prospective student inquiry generation form**

Phrases like the following are prohibited when used in association with Ashford University programs:

*Start Your Career Path Today*
*Education to Advance Your Career*
*Get the Job You Want*
The following has been provided to serve as a checklist for your online advertising efforts. It summarizes some of the key elements of vendor compliance. Compliance with this checklist does not relieve a vendor or its affiliates from the other obligations provided in this Guide.

### AU Vendor Checklist: Online Advertising

**TCPA**
- ✓ Ensure the prior written express consent verbiage is added to all inquiry generation forms, including an *opt-in checkbox* or *approved submit button*.
- ✓ Ensure the consent is delivered with the inquiry into the BPI Lead Management System.

**Advertising Collateral and Assets**
- ✓ Use the most current version of the Content Brand Standards in advertising copy.
- ✓ Use the current program list, located in the Dojo.
- ✓ Ensure the current program list and Content Brand Standards are accessible to all approved parties who advertise on behalf of Ashford University.
- ✓ Confirm all non-standard copy has been vetted through the "Advertising Approvals" process.
- ✓ Ensure correct grammar, spelling, and punctuation are used throughout advertising.
- ✓ Accurately display Ashford University’s accreditation.

**Disclosures**
- ✓ Accurately display a degree program’s *Special Terms and Conditions*, when applicable.
- ✓ Include the Gainful Employment disclosure link whenever a degree program is listed and/or described.
- ✓ Ensure the geographical statement, listed in the onboarding documents, is on all inquiry generation forms so to be visible to the consumer.
- ✓ Ensure web page is properly formatted to adequately separate Ashford from any and all unrelated content and degree programs.

**Compliance Bulletins**
- ✓ Review all Ashford University memos and policy updates for advertising.
# PROHIBITED ACTIVITIES

If Ashford University determines the vendor or an affiliate has violated any of these prohibited provisions, it may (without limiting any rights or remedies otherwise available to the institution) exercise all remedies available to it under the IOs or MSA.

Vendors and their affiliates are prohibited from the following:
