EARLY CHILDHOOD EDUCATION /

The Future of Early Childhood Education

"The demand for early childhood care and education programs continues to increase not only in response to the growing demand for out-of-home child care but also in recognition of the critical importance of educational experiences during the early years. Several decades of research clearly demonstrate that high-quality, developmentally appropriate early childhood programs produce short- and long-term positive effects on children's cognitive and social development."

National Association for the Education of Young Children, 2014.

A degree in early childhood education could be your key to any of these occupations:

- *Daycare Provider*
- *Social Worker*
- *Camp Counselor*
- *Recreation Worker*
- *Teacher Assistant*
- *Human Services*
- *Preschool Teacher*
