Andi and Lachelle were in the middle of classes when their school closed leaving them without a degree and new school to transfer to. Today they met w/ Congress and @DeptVetAffairs to talk about what needs to change to help others like them. #VetsEdSuccess

Not all schools are created equal. That's why Congress and Federal Agencies should act now to protect veterans like **Jamie**, Travis, Kevin, and Jonathan. Learn about their experiences and follow @GIBillRights. #VetsEdSuccess #HEA

**Travis** served 9 years in the U.S. Army then enrolled in ITT Tech. After they took out a student loan without his permission, he was left with the bill. He found help through @GIBillRights and @RepMarkTakano. Congress must protect veterans like **Travis** from predatory schools.

[#Student](#) [#veteran](#) Eric Luongo helped Congress understand what student veterans need, sharing his experience of being lied to by a for-profit college that left him with a worthless degree and \$100K in debt he never authorized vs. being supported at a nonprofit college.
